001 General Information

001.01 Purpose of this Chapter.

001.01A Title 26, United States Code, Section 54E (See Appendix A), provides that state or local governments within the jurisdiction of which is located a “qualified zone academy,” as defined in that law, may issue “qualified zone academy bonds,” for “qualified purposes” as those terms are defined in that law. That law further provides that the United States Secretary of Treasury, each calendar year, shall allocate among the states on the basis of their respective populations of individuals below the poverty line, an amount which such states’ qualified zone academies may issue in qualified zone academy bonds, and that this limitation amount allocated to each state shall be allocated by the State education agency to qualified zone academies within such states. This chapter provides the allocation procedure of the Nebraska Department of Education to eligible qualified zone academies.

001.01B The American Recovery and Reinvestment Act of 2009, (Title 26, United States Code, Section 54F, See Appendix B) provides that a state or local government, within the jurisdiction of which is a public school facility or land on which such a facility is to be constructed, may issue “qualified school construction bonds.” That Act further provides that the United States Secretary of the Treasury shall allocate among the States a bond limitation in proportion to the respective amounts each State is eligible to receive under section 1124 of the Elementary and Secondary Education Act of 1965 (20 U.S.C. 6333) for the most recent fiscal year ending before such calendar year. The limitation amount allocated to a State is allocated by the State to issuers within the State. This Chapter provides the allocation procedure of the Nebraska Department of Education with respect to qualified school construction bonds.

001.01C Potential applicants for allocation authority for the issuance of bonds under either sections 001.01A or 001.01B may contact the Nebraska Department of Education’s Office of School Finance and Organization Services for information on the existing Nebraska allocation amount.
