MISSION

Promoting healthy, successful children and families through reading aloud
Fostering school and community efforts that develop lifelong readers

VISION

The importance of reading aloud with children is understood and accepted by the educational community, parents, and others as an effective tool in learning success and healthy child development. Our vision is that parents and caregivers, along with the educational community read aloud with all children.

PHILOSOPHY

Literacy is essential to the growth and success of every child. Reading aloud to children a minimum of 20 minutes per day will improve their vocabulary and develop positive attitudes toward reading and learning. Reading provides a way to connect with children from every spectrum of our society.

PROGRAMS

Read Aloud Nebraska invites afterschool programs to register as a Read Aloud Partner! Becoming a Read Aloud Partner emphasizes your commitment to the importance of reading aloud. Designation as a Read Aloud Partner in the first year entitles you to the following:

- Recognition as a Read Aloud Partner on the Read Aloud Nebraska website
- Communication regarding reading activities/updates in Nebraska
- Opportunity to request free books (when available) for children in need in your school or community

The application period to become a Read Aloud Partner is open from April 1 - November 1 of each year.

CONTACT

Read Aloud Nebraska also has links to valuable information about reading aloud, grant opportunities and resources specifically for afterschool programs on their website.
