List of Programs

On this page, review the list of teacher preparation programs offered by your institution of higher education (IHE) or organization. If you submitted an IPRC last year, this list of programs is pre-loaded from your prior year’s report. If your IHE offers both traditional and alternative programs, be sure to enter the programs in the appropriate reports. For the traditional report, list all traditional programs within the IHE. For the alternative report, list all alternative programs within the IHE. You may edit, delete, and insert new rows as necessary.

After reviewing and updating as necessary, save the page using the floating save box at the bottom of the page. The system will automatically total the number of programs for you.

Program Requirements

On this page, review and enter information about the program requirements for admission into the program, program completion, and supervised clinical experience. If you submitted an IPRC last year, much of this page is pre-loaded from your prior year's report. If your IHE offers both traditional and alternative programs, be sure to specify the requirements in the appropriate reports. For the traditional report, provide the requirements for traditional programs within the IHE. For the alternative report, provide the requirements for the alternative programs within the IHE.

After reviewing and updating as necessary, save the page using the floating save box at the bottom of the page.

Admissions

1. Indicate when students are formally admitted into your initial teacher certification program:

Sophomore year

If Other, please specify:

2. Does your initial teacher certification program conditionally admit students?

- ☒ Yes
- ☐ No

3. Provide a link to your website where additional information about admissions requirements can be found:

http://www.doane.edu/undergraduate-degree-information

4. Please provide any additional information about or exceptions to the admissions information provided above:

The teacher education program conditionally admits undergraduate students only. There is no conditional admittance for the post-graduate students. Students must meet all requirements. All students have one semester(1st semester Junior Year) to complete the CORE test successfully. There is advanced program at the initial level following the first semester of course work.

Undergraduate Requirements

Please provide the following information about your teacher preparation program's entry and exit requirements. ([§205\(a\)\(1\)\(C\)\(i\)](#))

1. Are there initial teacher certification programs at the undergraduate level?

- ☒ Yes
- ☐ No

If yes, for each element listed below, indicate if it is required for admission into or exit from any of your teacher preparation program(s) at the undergraduate level. If no, leave the rest of the page blank (or [clear responses already entered](#)) then click save at the bottom of the page.

Supervised Clinical Experience

Provide the following information about supervised clinical experience in 2016-17. ([§205\(a\)\(1\)\(C\)\(iii\)](#), [§205\(a\)\(1\)\(C\)\(iv\)](#))

[Additional guidance on reporting supervised clinical experience and nonclinical coursework.](#)

Average number of clock hours of supervised clinical experience required prior to student teaching	224
Average number of clock hours required for student teaching	560
Average number of clock hours required for mentoring/induction support	0
Number of full-time equivalent faculty supervising clinical experience during this academic year	11
Number of adjunct faculty supervising clinical experience during this academic year (IHE and PreK-12 staff)	117
Number of students in supervised clinical experience during this academic year	72

Please provide any additional information about or descriptions of the supervised clinical experiences:

The response above reflects faculty directly engaged with candidates in supervised clinical experience which, in Nebraska, is defined as the student teaching experience. For the purpose of this chart, we have counted supervising teachers (faculty from Doane and adjunct faculty from Doane) and cooperating teachers (who are really not adjunct but from your information looks like we need to include them) from the K-12 schools. We also have a mentoring/induction support "project bridge" but there is no hourly requirement. It is on-going through a partnership with schools and Doane.

Enrollment

On this page, enter the number of candidates for an initial teaching credential who are enrolled in the initial teacher preparation programs within your institution of higher education (IHE) or organization. **Do not** report on the total number of students enrolled in the entire IHE. **Do not** include individuals who currently hold a teaching credential and are seeking additional licenses or endorsements, or individuals preparing for school-based careers other than classroom teachers (e.g., administrators, guidance counselors).

The Department recognizes that in many cases, candidates voluntarily report their race/ethnicity and gender data, and that in some cases, candidates may choose not to report this information. Please report on the race/ethnicity data you have available, though the data may not be complete. It is not expected that the sum of the enrolled students reported by race/ethnicity or by gender will necessarily equal the total number of students enrolled.

If your IHE offers both traditional and alternative programs, be sure to enter the candidates enrolled in the appropriate reports. For the traditional report, provide only the candidates enrolled in traditional programs within the IHE. For the alternative report, provide only the candidates enrolled in the alternative programs within the IHE.

After entering the enrollment data, save the page using the floating save box at the bottom of the page.

THIS PAGE INCLUDES:

Enrollment

For the purpose of Title II reporting, an enrolled student is defined as a student who has been admitted to a teacher preparation program, but who has not completed the program during the academic year being reported. An individual who completed the program during the academic year being reported is counted as a program completer and *not* an enrolled student.

[Additional guidance on reporting race and ethnicity data.](#)

Total number of students enrolled in 2016-17	39
Unduplicated number of males enrolled in 2016-17	8
Unduplicated number of females enrolled in 2016-17	31

Provide the number of students in the teacher preparation program in the following categories. Note that you must report on the number of students by ethnicity and race separately. Individuals who are non-Hispanic/Latino will be reported in one of the race categories. Also note that individuals can belong to one or more racial groups, so the sum of the members of each racial category may not necessarily add up to the total number of students enrolled. [\(§205\(a\)\(1\)\(C\)\(ii\)\(H\)\)](#)

On this page, enter the number of program completers by the subject area in which they were prepared to teach, and by their academic majors. Note that an individual can be counted in more than one academic major and subject area. For example, if an individual is prepared to teach Elementary Education and Mathematics, that individual should be counted in both subject areas. If no individuals were prepared in a particular academic major or subject area, you may leave the cell blank. Please use the "Other" category sparingly, if there is no similar subject area or academic major listed. In these cases, you should use the text box to describe the subject area(s) and/or the academic major(s) counted in the "Other" category.

If your IHE offers both traditional and alternative programs, be sure to enter the program completers in the appropriate reports. For the traditional report, provide only the program completers in traditional programs within the IHE. For the alternative report, provide only the program completers for the alternative programs within the IHE.

After entering the teachers prepared data, save the page using the floating save box at the bottom of the page.

Teachers Prepared by Subject Area

Please provide the number of teachers prepared by subject area for academic year 2016-17. For the purposes of this section, number prepared means the number of program completers. "Subject area" refers to the subject area(s) an individual has been prepared to teach. An individual can be counted in more than one subject area. If no individuals were prepared in a particular subject area, please leave that cell blank. [\(\\$205\(b\)\(1\)\(H\)\)](#)

Teachers Prepared by Academic Major

Please provide the number of teachers prepared by academic major for academic year 2016-17. For the purposes of this section, number prepared means the number of program completers. "Academic major" refers to the actual major(s) declared by the program completer. An individual can be counted in more than one academic major. If no individuals were prepared in a particular academic major, please leave that cell blank. ([§205\(b\)\(1\)\(H\)](#))

Please note that the list of majors includes several "Teacher Education" majors, as well as several noneducation majors. Please use care in entering your majors to ensure education-specific majors and non-education majors are counted correctly. For example, if an individual majored in Chemistry, that individual should be counted in the "Chemistry" academic major category rather than the "Teacher Education–Chemistry" category.

On this page, enter the total number of individuals who completed the program in AY 2016-17 and the two prior academic years. If you submitted an IPRC last year, the number of program completers for the two prior academic years are pre-loaded from your prior year's report.

A program completer is a person who has met all the requirements of a state-approved teacher preparation program. Program completers include all those who are documented as having met such requirements. Documentation may take the form of a degree, institutional certificate, program credential, transcript or other written proof of having met the program's requirements. In applying this definition, the fact that an individual has or has not been recommended to the state for initial certification or licensure may not be used as a criterion for determining who is a program completer.

An individual cannot be classified as both enrolled and as a program completer at the same time. An enrolled individual is not a program completer. Once an individual has met all the requirements of a state-approved teacher preparation program and becomes a program completer, the individual is no longer classified as enrolled.

After entering the program completers, save the page using the floating save box at the bottom of the page.

Annual Goals - Mathematics

Each institution of higher education (IHE) that conducts a traditional teacher preparation program (including programs that offer any ongoing professional development programs) or alternative route to state credential program, and that enrolls students receiving Federal assistance under this Act, shall set annual quantifiable goals for increasing the number of prospective teachers trained in teacher shortage areas designated by the Secretary or by the state educational agency, including mathematics, science, special education, and instruction of limited English proficient students. [\(\\$205\(a\)\(1\)\(A\)\(ii\). \\$206\(a\)\)](#)

Information about teacher shortage areas can be found at <https://www2.ed.gov/about/offices/list/oep/pol/tsa.html>.

Please provide the information below about your program's goals to increase the number of prospective teachers in mathematics in each of three academic years.

Academic year 2016-17

1. Did your program prepare teachers in mathematics in 2016-17?

- ☒ Yes
- ☐ No (leave remaining questions for year blank)

2. How many prospective teachers did your program plan to add in mathematics in 2016-17?

7

3. Did your program meet the goal for prospective teachers set in mathematics in 2016-17?

- ☒ Yes
- ☐ No
- ☐ Not applicable

4. Description of strategies used to achieve goal, if applicable:

Mentoring by IHE faculty (Content faculty and faculty in teacher education) Extensive field experiences in mathematics Methods course work specific to mathematics Semester long student teaching experience Project Bridge - beginning teacher assistance

Annual Goals - Science

Each institution of higher education (IHE) that conducts a traditional teacher preparation program (including programs that offer any ongoing professional development programs) or alternative route to state credential program, and that enrolls students receiving Federal assistance under this Act, shall set annual quantifiable goals for increasing the number of prospective teachers trained in teacher shortage areas designated by the Secretary or by the state educational agency, including mathematics, science, special education, and instruction of limited English proficient students. ([§205\(a\)\(1\)\(A\)\(ii\)](#), [§206\(a\)](#))

Information about teacher shortage areas can be found at <https://www2.ed.gov/about/offices/list/oep/pol/tsa.html>.

Please provide the information below about your program's goals to increase the number of prospective teachers in science in each of three academic years.

Assurances

Please certify that your institution is in compliance with the following assurances. ([§205\(a\)\(1\)\(A\)\(iii\)](#), [§206\(b\)](#)) Note: Be prepared to provide documentation and evidence for your responses, when requested, to support the following assurances.

1. Preparation responds to the identified needs of the local educational agencies or States where the program completers are likely to teach, based on past hiring and recruitment trends.

- ☒ Yes
☐ No

2. Preparation is closely linked with the needs of schools and the instructional decisions new teachers face in the classroom.

- ☒ Yes
☐ No

3. Prospective special education teachers are prepared in core academic subjects and to instruct in core academic subjects.

- ☒ Yes
☐ No
☐ Program does not prepare special education teachers

4. Prospective general education teachers are prepared to provide instruction to students with disabilities.

- ☒ Yes
☐ No

5. Prospective general education teachers are prepared to provide instruction to limited English proficient students.

- ☒ Yes
☐ No

6. Prospective general education teachers are prepared to provide instruction to students from low-income families.

- ☒ Yes
☐ No

7. Prospective teachers are prepared to effectively teach in urban and rural schools, as applicable.

- ☒ Yes
☐ No

8. Describe your institution's most successful strategies in meeting the assurances listed above:

All programs at Doane University meet the NE State Department of Education requirements. Training is linked with the needs of schools and to state K-12 standards. Students seeking certification in secondary schools have a content major. Elementary and Special Education majors have a heavy arts and sciences requirement in the content areas. The variety of experiences prior to and during student teaching are a key to success. Students complete four semesters of practicum experiences and generally two semesters of student teaching at the undergraduate level and one semester of practicum experiences and one semester of student teaching at the post-graduate level. These experiences are in urban and rural settings, with low income, students with special needs, and children with limited English.

2. Provide a description of the evidence that your program uses to show that it prepares teachers to integrate technology effectively into curricula and instruction, and to use technology effectively to collect, manage, and analyze data in order to improve teaching and learning for the purpose of increasing student academic achievement. Include a description of the evidence your program uses to show that it prepares teachers to use the principles of universal design for learning, as applicable. Include planning activities and a timeline if any of the four elements listed above are not currently in place.

All students in teacher education receive instruction in assistive technology and universal design. These concepts are introduced in methods course work and practiced in the practicum experiences. All students take a course in assessment which helps them understand how to manage and analyze data to improve teaching and learning for the purpose of increasing student academic achievement. Further assessment instruction is integrated into methods course work in the content areas. Students also take a technology course to learn how to integrate technology effectively into instruction. In addition, each methods course models the use of technology for teaching and learning and students are required to use technology in their instruction in practicum and student teaching experiences.

Teacher Training

On this page, review the questions about how your program trains general education teachers and special education teachers. For the purposes of these questions, general education teachers means those who are not specifically prepared as special education teachers. If you submitted an IPRC last year, this section is pre-loaded from your prior year’s report; please review and update as necessary.

Include planning activities and a timeline if any of the three elements listed above are not currently in place.

All students at Doane University take a specific course for special education that studies all disability areas. In addition, students participate in IEP and other SAT meetings. The concepts and skills needed to teach ELL students are integrated into the curriculum. Students may choose to add an ELL endorsement for the state of Nebraska. Students also complete at least one semester in a school that has a diverse population. They teach lessons, assist teachers, and are responsible for a variety of classroom activities.

3. Does your program prepare special education teachers to:

a. teach students with disabilities effectively

- ☒ Yes
- ☐ No
- ☐ Program does not prepare special education teachers

b. participate as a member of individualized education program teams

Include planning activities and a timeline if any of the three elements listed above are not currently in place.**

Students working toward licensure in special education learn to teach students with disabilities effectively. Students learn different models for teaching the special education student in the mildly/moderately handicapped classroom and in classrooms where students with special needs are integrated into the general education population. Course work includes appropriate methods for handicapping conditions, IDEA, IEP processes, SAT processes, and working within an individualized education program teams. Students also work with students with handicapping conditions in practicum and student teaching assignments. Finally, teaching the limited English speaking student is addressed in method's course work, special education course work and in practicum and student teaching experiences.

Explanation for Pass Rates: Doane College pass rates do not show 100% because we use the composite score allowed by the state of Nebraska. 100% of our students pass the CORE either through meeting the individual score requirements or through the composite score. Description Doane College is a private liberal arts college in Southeast Nebraska. It is the oldest Liberal Arts College in Nebraska. The Doane Teacher Education Program is characterized as performance-based and developmental. Students begin the program in the freshman year. Through a series of sequenced experiences, pre-service teachers complete approximately 240 hours of hands-on practicum experiences with K-12 students prior to student teaching. Students complete full-time student teaching for 14 weeks. Following graduation, students extend their training into a summer semester of graduate work prior to employment. Doane guarantees all students in the initial program employment and offers a first year teacher mentor program. In addition, Doane is the only College in Nebraska to offer an absolute warranty to hiring school districts on the quality of the graduates. Practicum course work is completed in a sequence. Clinical experiences are tied to course work. Students complete a minimum of 240 hours of clinical experiences prior to student teaching for the initial program and 150 hours for the post-bac program. PRACTICUM AND STUDENT TEACHING SEQUENCE AT A GLANCE YEAR PRACTICUM EXPERIENCE COURSE WORK Freshman Year Introductory Course Education 101 Sophomore Year Practicum IA and IB Education 211 and Edu 221 Junior Year Practicum IC and ID Education 321 and Edu 341 (Clinical Experiences) Senior Year Student Teaching Education Majors: Elementary Education; Special Education. GPA requirements for the initial program at the advanced level include a 2.8 GPA from the institution from which students received their degree and a 3.0 at completion of the program. Partnerships: The Doane College Teacher Education Division maintains partnerships with surrounding school districts, including Crete Public Schools and Lincoln Public Schools Accreditation and Memberships: The Teacher Education Division at Doane College is accredited by the National Council for Accreditation of Teacher Education (NCATE), This accreditation covers initial teacher preparation programs and advanced educator preparation programs. Doane College is accredited by the Higher Learning Commission. Doane College and the Teacher Education Division are members of the American Association of Colleges of Teacher Education (AACTE), Council of Independent Colleges (CIC), Nebraska Association of Colleges of Teacher Education (NACTE); Nebraska Council for Teacher Education (NCTE); Association of Independent Liberal Arts Colleges of Teacher Education (AILACTE); The post-graduate teacher education program has the same requirements as the initial program at the undergraduate level. There is a difference in the hour requirement for practicum experiences (post-graduate - 200 hours) and the guarantee of employment. However, the unit does offer the warranty for excellence on the advanced students. In the spring of 2012 Doane college completed their review by the state department of education and NCATE. There were no deficiencies cited and Doane received re accreditation from both bodies.
