On-Site Review Summary for After School Care Snack Program

Each site operating an After School Snack Program must be reviewed by the school district or residential child care facility (RCCI) two times per year under 7CFR 210.9(c)(7). The first review must be completed by the school district or RCCI during the first four weeks the snack program is in operation. The second review can be any time during the remainder of the school year. If the school district or RCCI has more than one after school care snack program each site must be reviewed twice. The completed reviews should be kept on file at the school district or RCCI with other records pertaining to the After School Care Snack Program.
