“ EL was beneficial in so many ways. EL is a great way in making friends with people like myself, who struggled just like me in learning a second language. EL was what made me confident in being myself and knowing that I will struggle through small and big obstacles that come my way. It's what gave me trust in others and what got me out of my comfort zone. EL was an amazing opportunity. I got to strengthen myself to be who I am today. ”

– Zuley Arellano, Fremont Public Schools

EL instruction can help your child:

- Improve English while learning reading, math, science, social studies and other subjects
- Be prepared to be part of the community
- Be ready to graduate
