ADVISER Data Elements

2019-2020

VERSION 4.2
DECEMBER 9, 2019

Table of Contents

1   GENERAL INFORMATION AND SCOPE

The ADVISER Data Elements document is intended to provide guidance to Nebraska Public and Special Purpose Schools on the submission of data from their local Student Information System (SIS) to the ADVISER Operational Data Store (ODS) in order to fulfill ADVISER Dashboard and Nebraska Department of Education (NDE) State Reporting requirements.

Because each SIS is unique, this document is not intended to inform districts as to the proper use of their local SIS for these purposes. Rather, the intent is to guide districts in selecting from the choices in their local SIS to submit accurate data for ADVISER Dashboard and NDE State Reporting purposes.

Please refer to the "Who Reports What" guidance on the ADVISER Resources page of the NDE website https://www.education.ne.gov/dataservices/adviser-resources/ for additional information on student-related data reporting requirements of various agency types.

EXPECTED GRADUATION YEAR (COHORT YEAR)

Use:		Dashboard	X	State Reporting		CRDC

Resource: /StudentEducationOrganizationAssociation/CohortYear/SchoolYear

Definition: Four years from the year the student entered Ninth grade for the first time. All students who transfer into a district in grades 9, 10, 11, and 12 (including Foreign Exchange Students) must be assigned an Expected Graduation Year. Normally the Expected Graduation Year and the Cohort Year are the same but if the student has a change in their expected graduation year, THIS WILL NOT CHANGE THE COHORT for the student.

For example: If the student is a first time 9th grade in 2015-2016, the student's cohort is 2019 (2015 + 4). When the student gets to 2018-2019 and will not graduate until 2020 and the district changes the Expected Graduation Year to 2020, the cohort will remain 2019 and the student will have to be assessment in 2018 (cohort minus 1).

COHORT YEAR: COHORT YEAR TYPE

Resource: /StudentEducationOrganizationAssociation/CohortYear/CohortYearType

Definition: The type of cohort year. For the Expected Graduation Year, the Cohort Year Type should be submitted as Ninth Grade in the first year the student's Expected Graduation Year has been identified and in each subsequent school year, regardless of the student's grade level. This field is sometimes supplied by the SIS Vendor, in which case it would not need to be entered by the district.

- are aged 3 through 21;
- were not born in any State; and
- have not been attending one or more schools in any one or more States for more than 3 full academic years.
  - What is the definition of 3 full academic years?

New STUDENT DAYS ENROLLED

Use:		Dashboard	X	State Reporting	X	CRDC

Resource: /StudentSchoolAssociation/StudentDaysEnrolled

Definition: Allows districts to override the Days In Session as calculated for the Calendar the student is enrolled in.

Example: A student is placed in a school calendar that has a total number of Instructional Days / Days in Session of 178, but the student has a modified program where they only attend one day per week. The district can override the calculated 178 days by completing this field and recording the appropriate number of days for the student.

7 ATTENDANCE

NDE is only collecting student absences and tardies. We will use the calendar to determine days present and days in session to calculate Average Daily Attendance (ADA) and Average Daily Membership (ADM). Days present will be derived from student enrollment and school calendar information.

ATTENDANCE EVENT CATEGORY

Use: | X | Dashboard | X | State Reporting | | CRDC |

Resource: /StudentSectionAttendanceEvent/AttendanceEvent/AttendanceEventCategory

Definition: The category of reason for a student's attendance event. More than one Attendance Event can be reported for a day.

02 – Excused Absence and 03 – Unexcused Absence will be counted as absences for State Reporting purposes.

EVENT DURATION (formerly Attendance Duration)

Use: | X | Dashboard | X | State Reporting | | CRDC |

Resource: /StudentSchoolAttendanceEvent/EventDuration

Definition: The portion of the regular school day, up to two decimal places, that applies to the Attendance (i.e. Absence) Event. For example, if a student was absent 2 out of 8 school periods, Attendance Duration would be reported as .25 days.

Additional Guidance on Attendance

Prekindergarten Students – All PK or HP students in Rule 11 programs (early childhood program codes 01-05) must be reported in attendance. The only exception is those HP/PK SPED students who are receiving all of their services at home or at a location not related to the public school district. This exception includes early childhood programs using program codes 06-08 and SPED students receiving services through the public district at a non-public preschool.

Summer School – Summer school attendance should not be reported in the regular school year attendance reporting. If a summer school calendar is reported to NDE, do not include any in-session instructional days within that calendar.

<u>Absences for School Activities</u> – Title 92, Nebraska Administrative Code, Chapter 2, Section 006.02 provides that students shall be counted in attendance at a school sponsored activity which is supervised by a member or members of the school staff.

<u>Suspended or Expelled Students</u> – Students who are suspended or expelled are counted as absent unless they continue to be in a school setting during their suspension or expulsion, such as serving their suspension in-school or attending an alternative school. The expelled students may be counted as in attendance if they participate in an alternative program as prescribed by the district. If an expelled student does not participate in the alternative program as prescribed by the district, the student will be shown as absent.

<u>Homebound students</u> – Section 504 of the Vocational Rehabilitation Act may require a school district to serve homebound students in the home. As such, the "home" is the "school" for purposes of attendance for the student. So long as the student is present when school officials arrive to provide the services required, the student is in attendance at school.

CODE	DESCRIPTION	DEFINITION
03	Career Education Concentrator	A student who, in grades 9-12, earned credit in three (3) or more one semester-long courses within a single career cluster. Report in 12th grade only.
04	Career Education Concentrator with Postsecondary	A secondary career education concentrator who has also completed a course associated with postsecondary education. There are several options, including dual credit, concurrent credit, articulated credit, or some other designation provided through a postsecondary institution.

- Only one Level of Program Participation value is required for each Career Cluster.
- All students with Level of Program Participation records will be included in Career Education Participant counts.
- 03 - Career Education Concentrator and 04 - Career Education Concentrator with Postsecondary will both be included in Career Education Concentrator counts.
- Multiple records are submitted for a Career Education student only when multiple Career Clusters are applicable, in which case the Level of Program Participation corresponding to each record may be different.

New SCHOOL HOURS PER WEEK

Use:		Dashboard	X	State Reporting		CRDC	

Resource: /StudentSpecialEducationProgramAssociation/SchoolHoursPerWeek

Description: The total number of hours of instructional time per week for the school that the student attends or is assigned. Up to two decimal places allowed. This field will be used as the denominator, along with Special Education Hours per Week, to determine Special Education Percentage.

NDE uses the Special Education Hours per Week and the School Hours per Week on the SPED record to determine the percentage that the student spends in the regular education classroom. This information is, in turn, used to determine the Least Restrictive Environment (LRE) for the student. Because SPED Percentage is only needed for those students who are in a Public School setting, students who are in any other setting can have the same number submitted for both the SPED hours and the School hours. This is particularly relevant for Part C children. If the Student Information System vendor your district uses allows for an input to be blank or for zero to be submitted, that is allowable. If not, districts should submit 1 for both the SPED hours and the School hours for the Part C child's SPED hours.

New SPECIAL EDUCATION HOURS PER WEEK

Use:		Dashboard	X	State Reporting		CRDC

Resource: /StudentSpecialEducationProgramAssociation/SpecialEducationHoursPerWeek

Description: The number of hours the student receives special education services outside the regular early childhood program or regular classroom (separate from general education peers). Time spent outside the regular classroom receiving services unrelated to the youth's disability should be considered time inside the regular classroom.

For example, time receiving LEP services and educational time spent in age-appropriate community-based settings that include individuals with and without disabilities, such as college campuses or vocational sites, should be counted as time spent inside the regular classroom. This field will be used as the numerator, along with Schools Hours per Week, to determine Special Education Percentage.

NDE uses the Special Education Hours per Week and the School Hours per Week on the SPED record to determine the percentage that the student spends in the regular education classroom. This information is, in turn, used to determine the Least Restrictive Environment (LRE) for the student. Because SPED Percentage is only needed for those students who are in a Public School setting, students who are in any other setting can have the same number submitted for both the SPED hours and the School hours. This is particularly relevant for Part C children. If the Student Information System vendor your district uses allows for an input to be blank or for zero to be submitted, that is allowable. If not, districts should submit 1 for both the SPED hours and the School hours for the Part C child's SPED hours.
