

Nebraska Extension

THE LEARNING CHILD

Nebraska Extension is honored to partner with the Council for Professional Recognition and our colleagues at Better Kid Care, an outreach educational program of Penn State Cooperative Extension to support candidates pursuing their Child Development Associates (CDA).

Nebraska Extension Educators with The Learning Child team has a pool of qualified Professional Development Specialists across Nebraska to complete the final CDA verifications observations. Specialists can complete infant, toddler, and preschool verification visits. If candidates need assistance securing a Professional Development Specialist in their area or would like more information about our Child Development Associates (CDA) credential program, please email us at TLC@unl.edu to receive direct assistance.
