

ABC Public School
Great State of Nebraska
4-6-2021

ABC School District will use CRRSA Act ESSER II funds to:

- * Purchase educational technology,
- * Provide mental health services and support,
- * Any activity authorized by ESEA of 1965 #2 (i.e. Title II-A Class Size Reduction)

Our District will ensure that no student or teacher will be denied participation based on gender, race, national origin, socioeconomic status, disability, or age.

Chromebooks and iPads will be purchased as part of our school-wide technology upgrade. Our district will also be purchasing an electronic system to help support student achievement on Nebraska standards. Because a significant portion of our students are low income this will ensure that all our students receive the best equipment to access our curriculum while in the school or remotely.

Our district will use grant funds to hire an additional guidance counselor to support our students and staff in the area of social emotional needs. Time is allocated for her to work with students, staff, and families to ensure constant communication and support.

Our School District will use funds to ensure that we can offer smaller class size at our kindergarten level. All of our classes are over 20 per grade level so this will allow the kindergarten classes to be under 20. This will give all of our students the best chance to be at grade level when entering first grade.
