1 GENERAL INFORMATION AND SCOPE

The ADVISER Data Elements document is intended to provide guidance to Nebraska Public and Special Purpose Schools on the submission of data from their local Student Information System (SIS) to the ADVISER Operational Data Store (ODS) in order to fulfill ADVISER Dashboard and the Nebraska Department of Education (NDE) State Reporting requirements.

Because each SIS is unique, this document is not intended to inform districts as to the proper use of their local SIS for these purposes. Rather, the intent is to guide districts in selecting from the choices in their local SIS to submit accurate data for ADVISER Dashboard and the NDE State Reporting purposes.

Please refer to the “Who Reports What” guidance on the ADVISER Resources page of the NDE website <https://www.education.ne.gov/dataservices/adviser-resources/> for additional information on student-related data reporting requirements of various agency types.

ELEMENT NOTATION

Each element is listed in the following formation.

NAME OF ELEMENT

Use:

X	Dashboard	X	State Reporting	X	CRDC

- CRDC – this element is used for federal CRDC reporting. If only CRDC is indicated in the Use table, the data element is optional.

INSTRUCTIONAL DURATION

Use: ☐ Dashboard ☒ State Reporting ☒ CRDC

Resource: [/CalendarDate/InstructionalDuration](#)

Definition: The portion of the day during which instruction occurred. Only one Instructional Duration is submitted per day per calendar, and will be used by the NDE to determine the total number of Days in Session for the calendar. Any amount provided in the Instructional Duration will be assumed to count as in-session time, regardless of the associated CalendarEvent field. It is up to the District to decide if a shortened or partial day is reported as a full or part day for instructional purposes. Event Duration data should then be prorated accordingly. See Event Duration for examples.

Example: January 10 is initially an Instructional Day with an Instructional Duration of "1.0". Due to snow, the district decides to close early, adds a CalendarEvent of Weather Day, and updates the date's Instructional Duration to "0.5".

PERIOD SEQUENCE

Use: ☒ Dashboard ☒ State Reporting ☐ CRDC

Resource: [/GradingPeriod/PeriodSequence](#)

Definition: The sequential order of this period relative to other periods. This element may be supplied by the SIS vendor and not required to be entered by district.

3 STAFF

Staff data reported in the ADVISER Data System is limited to Staff-Course information, CRDC and data needed for Dashboard access. Information provided by the districts into ADVISER is primarily used for two purposes:

1. Associate staff members with their schools and with their courses and sections.
2. Provide staff members with the appropriate level of access within the ADVISER dashboard.

Staff fields provided by the NDE for comparison come from several sources: NSSRS Staff Reporting, NDE Staff ID, and TEACH Nebraska. Note: ADVISER only allows reporting for certificated staff whose certificates expire after the end of the school year, who are reported in staff reporting and have correct NDE Staff IDs.

Accordingly, staff will continue to be reported to the NDE via the Staff Reporting System in the NDE Portal. Staff members that are added to the Staff Reporting System will be loaded into the ADVISER ODS by the following business day. Staff data reported in ADVISER will not be transferred to Staff Reporting.

4 STUDENT, PARENT, AND DEMOGRAPHICS

Individual Student data reported in the ADVISER Data System is limited to the elements listed in this section. Fields provided by ADVISER Person ID include: Student First Name, Student Middle Name, Student Last Name, Student Suffix, Student Preferred First Name, Student Preferred Last Name and Student Date of Birth.

Accordingly, individual student data should be reported to the NDE via ADVISER Person ID in the NDE Portal. Student information added to ADVISER Person ID is loaded into the ADVISER ODS within minutes of a district sending their data. Student data reported in ADVISER will not be transferred to ADVISER Person ID at this time.

The NDE expects to see both Mailing and Physical addresses for students. So, if the student has multiple addresses, all should be reported, with at least one address being reported as Physical. If Mailing and Physical are the same, only one address needs to be submitted and should be submitted as Physical address. Address information includes the following data elements: Street Number Name, Apartment Room Suite Number, City, State Abbreviation and Postal Code. Vendors should be able to send all addresses they have for each student, using one (or more) of these values. As long as the NDE has received Student Address information, we will not need a Parent Address.

Electronic Mail data elements include: Electronic Mail Address, Electronic Mail Type and Primary Email Address Indicator. The NDE utilizes this data for contacting only a small subset of students, after they leave school. As such, a district email address for each student is not appropriate. Sometimes this also means a parent email address is needed. Since the NDE only wants 1 email address, if the primary email information belongs to the parent, that is OK. The NDE will gather information from both student and parent resources when email data is pulled. If there is a valid student email address on file we will use it. Otherwise, the parent email address will be utilized. **As the NDE needs this information for such a small**

subset of students, the State Reporting required check box is not selected for these data elements.

ELECTRONIC MAIL: PRIMARY EMAIL ADDRESS INDICATOR

Use:	STUDENT	X	Dashboard		State Reporting		CRDC
	PARENT	X	Dashboard		State Reporting		CRDC

Resource: */StudentEducationOrganizationAssociation/ElectronicMail/PrimaryEmailAddressIndicator*
or */Parent/ElectronicMail/PrimaryEmailAddressIndicator*

Definition: An indication that the electronic mail address should be used as the principal electronic mail address for an individual or organization. Required when Electronic Mail: Electronic Mail Address provided.

EXPECTED GRADUATION YEAR (COHORT YEAR)

Use:		Dashboard	X	State Reporting		CRDC
------	--	-----------	---	-----------------	--	------

Resource: */StudentEducationOrganizationAssociation/CohortYear/SchoolYear*

Definition: Four years from the year the student entered Ninth grade for the first time. All students who transfer into a district in grades 9, 10, 11, and 12 (including Foreign Exchange Students) must be assigned an Expected Graduation Year. Normally the Expected Graduation Year and the Cohort Year are the same but if the student has a change in their expected graduation year, THIS WILL NOT CHANGE THE COHORT for the student.

Example: If the student is a first time 9th grader in 2017-2018, the student's cohort is 2021 (2017 + 4). When the student gets to 2020-2021 and will not graduate until 2022 and the district changes the Expected Graduation Year to 2022, the cohort will remain 2021 and the student will have to have been assessed in 2020 (cohort minus 1).

- are aged 3 through 21;

Days Present and Days in Session will be derived from student enrollment and school calendar information. Days in Session is the actual number of days (to the nearest hundredth) school is open with teachers and students in school, not what was originally planned. Days in Session should be the same number as the total possible days in attendance. If a student is present every day, the days of attendance and the days in session should be the same for that student.

For further Attendance clarification, refer to Title 92, Nebraska Administrative Code, Chapter 2, Section 006.02 Attendance.

ATTENDANCE EVENT CATEGORY

Use: ☒ Dashboard ☒ State Reporting ☐ CRDC

Resource: [/StudentSectionAttendanceEvent/AttendanceEvent/AttendanceEventCategory](#)

Definition: The category of reason for a student's attendance event. More than one Attendance Event can be reported for a day.

CODE	DESCRIPTION
04	Tardy
05	Early departure (not an absence)
06	Excused Absence - Disciplinary action, not receiving instruction
07	Excused Absence - Illness/Medical
08	Excused Absence - Noninstructional activity recognized by state, district, or school
09	Excused Absence - Transportation not available
10	Excused Absence - Other
11	Unexcused Absence - Student skipping school
12	Unexcused Absence - Other or unknown

Codes 06-12 will be counted as absences for State Reporting purposes.

EVENT DURATION

Use: ☒ Dashboard ☒ State Reporting ☐ CRDC

Resource: [/StudentSchoolAttendanceEvent/EventDuration](#)

Definition: The portion of the regular school day, up to two decimal places, that applies to the Attendance (i.e. Absence) Event. For example, if a student was absent 2 out of 8 school periods, Attendance Duration would be reported as .25 days. Late start and early dismissal days may count as a portion of a day or a full day. Guidance follows individual system policy.

Example 1: A student is absent 100% of a partial day:

The district decides it is a 1.0 instructional duration day – report a 1.0 event duration

The district decides it is a 0.5 instructional duration day – report a 0.5 event duration

Example 2: A student is absent 50% of a partial day:

The district decides it is a 1.0 instructional duration day – report a 0.5 event duration

The district decides it is a .5 instructional duration day – report a 0.25 event duration

Example 3: A student is absent 100% of a full day:

The district decides it is a 1.0 instructional duration day – report a 1.0 event duration

Example 4: A student is absent 50% of a full day:

The district decides it is a 1.0 instructional duration day – report a 0.5 event duration

Additional Guidance on Attendance

Prekindergarten Students – All PK or HP students in Rule 11 programs (early childhood program codes 01-05) must be reported in attendance. The only exception is those HP/PK SPED students who are receiving all of their services at home or at a location not related to the public school district. This exception includes early childhood programs using program codes 06-08 and SPED students receiving services through the public district at a non-public preschool.

Summer School – Summer school attendance should not be reported in the regular school year attendance reporting. If a summer school calendar is reported to the NDE, do not include any in-session instructional days within that calendar.

Absences for School Activities – Title 92, Nebraska Administrative Code, Chapter 2, Section 006.02 provides that students shall be counted in attendance at a school sponsored activity which is supervised by a member or members of the school staff.

Suspended or Expelled Students – Students who are suspended or expelled are counted as absent unless they continue to be in a school setting during their suspension or expulsion, such as serving their suspension in-school or attending an alternative school. The expelled students may be counted as in attendance if they participate in an alternative program as prescribed by the district. If an expelled student does not participate in the alternative program as prescribed by the district, the student will be shown as absent.

Homebound students – Section 504 of the Vocational Rehabilitation Act may require a school district to serve homebound students in the home. As such, the “home” is the “school” for purposes of attendance for the student. So long as the student is present when school officials arrive to provide the services required, the student is in attendance at school.

05	Structured English Immersion or Newcomer Program	Separate, relatively self-contained programs designed to meet the academic and transitional needs of newly arrived immigrants. Typically, students attend these programs before they enter other types of EL programs. Often build foundational skills in content areas (basic literacy, math concepts, etc.) as well as instruction to familiarize newcomers with American culture and educational settings.
06	Transitional Bilingual or Early-Exit Bilingual Education	Students begin in grade K or 1 by receiving instruction all or mostly in their L1 and transition incrementally over to English. Typically, transition to all English is complete by mid-to-late elementary school. L1 is used to leverage L2 acquisition, but L1 proficiency is not a program goal.

REDESIGNATED ENGLISH FLUENT

Use: ☐ Dashboard ☒ State Reporting ☐ CRDC

Resource: */StudentLanguageInstructionProgramAssociation/RedesignatedEnglishFluent*

Definition: An indicator (yes/no) that a student was formerly as English Learner Eligible but has now been Redesignated as English Fluent. Once a student is marked Redesignated English Fluent, they should remain as such until they leave the district.

The term 'English Learner', when used with respect to an individual, means an individual -

1. who is aged 3 through 21;
2. who is enrolled or preparing to enroll in an elementary school or secondary school;
3. who

- a) was not born in the United States or whose native language is a language other than English; or
- b)
 - i) is a Native American or Alaska Native, or a native resident of the outlying areas; and
 - ii) comes from an environment where a language other than English has had a significant impact on the individual's level of English language proficiency; or
- c)
 - i) is migratory, whose native language is a language other than English
 - ii) comes from an environment where a language other than English is dominant;
- 4. whose difficulties in speaking, reading, writing, or understanding the English language may be sufficient to deny the individual —
 - a) The ability to meet the challenging State academic standards described in Section 1111(b)(1) of ESSA;
 - b) the ability to successfully achieve in classrooms where the language of instruction is English; or
 - c) the opportunity to participate fully in society.

Students previously reported as English Learner Eligible will either be categorized as English Learner Participation yes or no, depending on their participation in the EL program.

Students previously reported as English Learner Redesignated will now be categorized as Redesignated English Fluent yes.

8.3 HOMELESS PROGRAM

PROGRAM NAME	PROGRAM TYPE
Homeless	Other

An indication that a student is eligible for Homeless Education services at any time during the school year. According to McKinney-Vento, the term “homeless children and youth” means individuals who lack a fixed, regular, and adequate nighttime residence AND includes – (a) children and youths who are sharing the housing of other persons due to loss of housing, economic hardship, or a similar reason; are living in motels, hotels, trailer parks, or camping grounds due to the lack of alternative accommodations; are living in emergency or transitional shelters; or are abandoned in hospitals, (b) children and youths who have a primary nighttime residence that is a public or private place not designed for or ordinarily used as a regular sleeping accommodation for human beings, (c) children and youths who are living in cars, parks, public spaces, abandoned buildings, substandard housing, bus or train stations, or similar settings; and (d) migratory children who qualify as homeless for the purposes of this subtitle because the children are living in circumstances described in a-c above.

All students who are receiving services under Homeless Education, at any time during the year, need to be reported. Once a student is set as YES during the school year, they should remain a YES until the end of the year.

A student becoming homeless during the school year does not change their enrollment status. If they started out as Optioning In, their enrollment status will remain Optioning In, regardless of where the nighttime residence is located.

8.4 New LEARNING MODALITY

PROGRAM NAME	PROGRAM TYPE
{district determines Learning Modality program name}	Learning Modality

The Learning Modality of a student is the way a student is receiving instruction. Learning Modality should only be reported for students who are not in full time, In Person learning.

There are two areas for Learning Modality data element usage:

1. Those which determine the Learning Modality program name (Modality Time, Modality Time Type and Modality Type), and
2. Those that help define the specific students listed within the program and their status (Begin Date and End Date).

If the program includes both In Person and Remote Learning, two Learning Modalities should be reported on the same program.

A student should only have one Learning Modality program record at a time. If a student moves from one Learning Modality Program to another, the first should be given an End Date, and another record should be reported for the new Program on the next day.

If a student goes from being Eligible for Free Meals, Eligible for Reduced Price Meals, or Eligible for Free Special Milk during the school year to not being eligible, the existing StudentSchoolFoodServiceProgramAssociation record should be end dated and no additional record should be submitted.

Schools that participate in the Community Eligibility Provision can choose to not submit any StudentSchoolFoodServiceProgramAssociation records. If these schools do submit a record for any of their students in the StudentSchoolFoodServiceProgramAssociation, the information will not be utilized by the NDE as long as the student is enrolled in the CEP school.

9 DISCIPLINE

9.1 Discipline Incident

Represents an occurrence of an infraction ranging from a minor behavioral problem that disrupts the orderly functioning of a school or classroom (such as tardiness) to a criminal act that results in the involvement of a law enforcement official (such as robbery.) A single event (e.g., a fight) is one incident regardless of how many perpetrators or victims are involved. Discipline incidents are events classified as warranting discipline action. Districts should only report a Discipline Incident (and associated Behavior and Action) in one school year, even if the Discipline Action rolls into the next school year. All information relating to the incident should be reported in the year it occurs.

13 CIVIL RIGHTS DATA COLLECTION (CRDC)

At the time this guidance was first published, 2021-2022 is not planned to be a reporting year for CRDC. The data elements have been left in ADVISER, but this information will not be utilized for CRDC. The next planned CRDC reporting year is 2022-2023. This may change if the Office of Civil Rights at the US Dept of Education alters the reporting cycle.

The Data Elements included in this section (and any elements included within this guidance where the only Use indicated is CRDC) are optional when it comes to reporting in ADVISER.

For Civil Rights Data Collection (CRDC) reporting years, the NDE will be submitting an initial file for districts, including any applicable data available in the ADVISER data system. If these elements are reported into the ODS, we will include them in the CRDC upload file. Districts will still be required by the Office of Civil Rights of the US Department of Education to review and submit the CRDC as they have in the past. For more information, visit: <https://www2.ed.gov/about/offices/list/ocr/data.html>.

14 New STUDENT STAFF COHORT (for Assessment)

Districts will need to be able to create a Cohort to tie Staff to the Students for use in statewide assessment rostering, in order to allow staff members who are not connected with a student in ADVISER via courses, to be able to view reports on the NWEA assessment website. Students will continue to be rostered based on their section assignments, but cohort groups will be used for granting staff access to additional rosters (like a reading specialist, sports coach, etc.).

Districts who wish to start utilizing the ADVISER ODS to roster students for the NWEA MAP assessment and who have staff members who need this connection to students, will need to enter them through the Student Staff Cohort.

15 APPENDIX A – CHANGE SUMMARY

Version 6.0 (2021-2022) – May 18, 2021

1. District, School, and Calendar
 - a. Codes Removed
 - i. Calendar Event
 1. 10 – Instructional Day – Split School and Remote
 2. 11 – Instructional Day – Remote Learning
 - b. Code Revised
 - i. Calendar Event
 1. Code 01 – Instructional Day
2. Student, Parent, and Demographics
 - a. Guidance Added
 - i. Individual Student data reported in the ADVISER Data System is limited to the elements listed in this section. Fields provided by ADVISER Person ID include: Student First Name, Student Middle Name, Student Last Name, Student Suffix, Student Preferred First Name, Student Preferred Last Name and Student Date of Birth. Accordingly, individual student data should be reported to the NDE via ADVISER Person ID in the NDE Portal. Student information added to ADVISER Person ID is loaded into the ADVISER ODS within minutes of a district sending their data. Student data reported in ADVISER will not be transferred to ADVISER Person ID at this time.
 - ii. Electronic Mail: Electronic Mail Type
 1. Email (Electronic Mail) data elements include: Electronic Mail Address, Electronic Mail Type and Primary Email Address Indicator. The NDE utilizes this data for contacting only a small subset of students, after they leave school. As such, a district email address for each student is not appropriate. Sometimes this also means a parent email address is needed. Since the NDE only wants 1 email address, if the primary email information belongs to the parent, that is OK. The NDE will gather information from both student and parent resources when email data is pulled. If there is a valid student email address on file we will use it. Otherwise, the parent email address will be utilized. As the NDE needs this information for such a small subset of students, the State Reporting required check box is not selected for these data elements.
 - iii. Internet Access Type in Residence (Student Indicator)
 1. If more than one internet service type, select primary source of internet access for doing school work.
 - b. Element Definition Updated
