

SCHOOL DISTRICT CENSUS REPORT INSTRUCTIONS

The School District Census Report (NDE 02-023) is required for all public school districts by Nebraska State Statutes 79-524 R.R.S., 79-528 R.R.S., and 79-578 R.R.S. The School District Census Report provides the Department of Education with a count of children ages 5 - 18 that reside in a school district **as of June 30**. This information is used in the calculation of state and county funding sources distributed to school districts, such as State Apportionment and county fines/license fees.

The School District/System Census Report in the NDE Portal will be open by July 1. Census data must be submitted no later than July 10. The Data Audit Window for Census data (submitted by due date) will open from July 11 to July 20 for corrections.

Submission of the Census Report is through the NDE Portal – hard copies are not accepted.

*Do **not** rely solely on the student information included on the “Exempt Schools – School District Report” available in the NDE Portal. There may be other families in your district that are homeschooling who did not file with NDE or other school-age children in the home that are not included on the “Exempt Schools – School District Report.”*
