The district will provide multiple methods to provide parents, guardians, and community members with information regarding how to refer a child for an evaluation and the identification process. Each school building will have a designated contact person who is knowledgeable about the district procedures and the district will designate a contact person to oversee the child find process. • What are the procedures for annual dissemination of child find activities (for example, information is disseminated annually using news media, brochures to public and private childcare facilities, school websites, etc.)?
• Outline the referral process (include in each step- who is responsible, timelines, where documents can be accessed or stored)
  • Indicate if there is a separate or different process for pre-kindergarten, private school and home school students, and referrals for juvenile facilities.
  • Indicate any needed steps for students who are homeless or wards of the state
