

**Meal Master ..... Room #216**

We will demonstrate how any ASP can have an advanced cooking club regardless of the space. Focus areas include kitchen safety, using recipes, measuring ingredients, meal prep, budgets and of course, eating! Roll up your sleeves and come cook with us.

Presenters: Sara Colford & Stacey Whiting

**Community Café Approach – Authentic and Intentional Parent, Caretaker, Community Engagement ..... Room #215**  
(Part 1 of 2)

Come experience a Community Cafe teaser! We will be engaging in intentional conversations about the Cafe Approach, learning alongside current parent hosts about their experiences and the impact Cafes have had in their neighborhoods, and discovering together how this approach could be offered in your community.

Presenter: Kaitlin Roselius

**Kit workshop: Taking Flight: Creating an Afterschool Bird Club ..... Room #213**

During this session, participants will learn about an afterschool bird curriculum. The 8-week Afterschool Bird Club curriculum was designed to encourage students to discover relevant scientific concepts such as adaptations, habitat, and life cycles

all while discovering the world of birds. Toward the end of the program students will gain confidence and leadership skills by taking what they've learned and helping to facilitate a bird themed Family Nature Night for their schools. Participants will leave the session with the curriculum and materials, like a bird feeder, to help them implement Afterschool Bird Club at their school.

Presenter: Amber Schiltz

**Kindness Counts Curriculum ..... Room #214**

An in-depth and hands on workshop demonstrating the Kindness Counts curriculum for grades K-4.

Workshop participants will learn the curriculum concepts, how to use it, when to use and support programs offered to further enhance the curriculum.

Presenter: Mary Beth Budz

**Not just a "Slice of the Pie": The Whole Child Approach ..... Room #212**

As a culture, we think that mental health is "just a slice of the pie", rather than an important part of the whole picture. In this presentation, The Wellbeing Partners will dive into how physical activity, nutrition, environment, and social emotional health interact for youth, from infancy through adolescence. We will share how we can address challenges to youth mental health and create community supports using the Whole School, Whole Community, Whole Child Model (WSCC), created by the CDC.

Presenters: Claire Brown & Claudia Granillo

**Imagine Science Biomedical Engineering ..... Room #211**

In this session, attendees learn how to engage their youth using a self-guided Biomedical Engineering camp resource. Guide your youth in using the engineering design process to create multi-stage nano-capsules that promote fighting sicknesses, perform laparoscopic surgery using a youth developed simulator, and more! Best of all, introduce them to local Biomedical Engineering careers!

Presenters: Tiffany Sessions & Mirissa Scholting

**Outdoor Classroom Workshop ..... Room #210**

Outdoor Classroom Educator Workshop is for educators who work with students of any age or grade level. This new specialty workshop will help participants learn how to design and utilize an outdoor classroom. Receive native plant recommendations, learn best practices for teaching outdoors, and activity recommendations - just in time for fun in the sun!

Presenter: Jack Hilgert

**Water is Wild! ..... Room #209**

What is water and how does it work? Who relies on it and where can we find it? Through a series of activities, we'll cover how to teach students in grades K-2 about water in the afterschool setting. Beginning with the water "basics", then following water in the school yard, and ending with water in a Nebraska ecosystem - you'll walk away excited to dive in!

Presenter: Grace Gaard
