## **List of Programs**

List each program for an initial teaching credential below and indicate whether it is offered at the Undergraduate level (UG), Institution Information Postgraduate level (PG), or both. (§205(a)(C))

THIS PAGE INCLUDES:

>> List of Programs

Key terms in this section are listed below. Click on the link to view the definition(s) in the glossary.

• Teacher Preparation Program

## **List of Programs**

CIP Code	Teacher Preparation Programs	UG, PG, or Both	Update
13.121	Early Childhood Education	Both	
13.1202	Elementary Education	Both	
13.1203	Junior High/Intermediate/Middle School Education and Teaching	Both	
13.1	Special Education	Both	
13.1302	Teacher Education - Art	Both	
13.1322	Teacher Education - Biology	Both	
13.1303	Teacher Education - Business	Both	
13.1323	Teacher Education - Chemistry	Both	
13.1305	Teacher Education - English/Language Arts	Both	
13.1306	Teacher Education - Foreign Language	Both	
13.1307	Teacher Education - Health	Both	
13.1328	Teacher Education - History	Both	
13.1311	Teacher Education - Mathematics	Both	
13.1312	Teacher Education - Music	Both	
13.99	Teacher Education - Other	Both	
13.1314	Teacher Education - Physical Education and Coaching	Both	
13.1329	Teacher Education - Physics	Both	
13.1317	Teacher Education - Social Sciences	Both	

Total number of teacher preparation programs:

36

## **Program Requirements**

Check the elements required for admission (entry) into and completion (exit) from the program. If programs are offered at the undergraduate level and postgraduate level, complete the table for both types of programs. (§205(a)(1)(C)(i))

Key terms in this section are listed below. Click on the link to view the definition(s) in the glossary.

- Full-time equivalent faculty supervising clinical experience
- · Adjunct faculty supervising clinical experience
- Cooperating Teachers/PreK-12 Staff Supervising Clinical Experience
- Supervised clinical experience

#### THIS PAGE INCLUDES:

- >> <u>Undergraduate Requirements</u>
- >> Postgraduate Requirements
- >> Supervised Clinical Experience

## **Undergraduate Requirements**

- 1. Are there initial teacher certification programs at the undergraduate level?
  - Yes
  - No

If yes, for each element listed below, indicate if it is required for admission into or exit from any of your teacher preparation program(s) at the undergraduate level. If no, leave the table below blank (or <u>clear responses already entered</u>) then click save at the bottom of the page.

into, leave the table below blank (or <u>clear responses unready effected</u> ) then onek save at the bottom of the page.

Race/Ethnicity	Total Enrolled	Subset of Program Completers
Two or more races	46	13
No Race/Ethnicity Reported	0	0

#### SECTION I: PROGRAM INFORMATION

## **Teachers Prepared**

On this page, enter the number of program completers by the subject area in which they were prepared to teach, and by their academic majors. Note that an individual can be counted in more than one academic major and subject area. For example, if an individual is prepared to teach Elementary Education and Mathematics, that individual should be counted in both subject areas. If no individuals were prepared in a particular academic major or subject area, you may leave the cell blank. Please use the "Other" category sparingly, if there is no similar subject area or academic major listed. In these cases, you should use the text box to describe the subject area(s) and/or the academic major(s) counted in the "Other" category.

If your IHE offers both traditional and alternative programs, be sure to enter the program completers in the appropriate reports. For the traditional report, provide only the program completers in traditional programs within the IHE. For the alternative report, provide only the program completers for the alternative programs within the IHE.

After entering the teachers prepared data, save the page using the floating save box at the bottom of the page.

Key terms in this section are listed below. Click on the link to view the definition(s) in the glossary.

Academic Major

#### THIS PAGE INCLUDES:

- >> Teachers Prepared by Subject Area
- >> Teachers Prepared by Academic Major

## **Teachers Prepared by Subject Area**

Please provide the number of teachers prepared by subject area for academic year 2019-20.

For the purposes of this section, number prepared means the number of program completers. "Subject area" refers to the subject area(s) an individual has been prepared to teach. An individual can be counted in more than one subject area. If no individuals were prepared in a particular subject area, please leave that cell blank. (§205(b)(1)(H))

#### What are CIP Codes?

No teachers prepared in academic year 2019-20

If your program has no teachers prepared, check the box above and leave the table below blank (or clear responses already entered).

What are CIP codes? The Classification of Instructional Programs (CIP) provides a taxonomic scheme that supports the accurate tracking and reporting of fields of study and program completions activity. CIP was originally developed by the U.S. Department of Education's National Center for Education Statistics (NCES) in 1980, with revisions occurring in 1985, 1990, and 2000 (<a href="https://nces.ed.gov/ipeds/cipcode/Default.aspx?y=55">https://nces.ed.gov/ipeds/cipcode/Default.aspx?y=55</a>).

CIP Code	Subject Area	Number Prepared
13.10	Teacher Education - Special Education	19
13.1202	Teacher Education - Elementary Education	59

CIP Code	Subject Area	Number Prepared
13.1203	Teacher Education - Junior High/Intermediate/Middle School Education	25
13.1210	Teacher Education - Early Childhood Education	43
13.1301	Teacher Education - Agriculture	0
13.1302	Teacher Education - Art	11
13.1303	Teacher Education - Business	5
13.1305	Teacher Education - English/Language Arts	12
13.1306	Teacher Education - Foreign Language	4
13.1307	Teacher Education - Health	0
13.1308	Teacher Education - Family and Consumer Sciences/Home Economics	0
13.1309	Teacher Education - Technology Teacher Education/Industrial Arts	0
13.1311	Teacher Education - Mathematics	2
13.1312	Teacher Education - Music	3
13.1314	Teacher Education - Physical Education and Coaching	21
13.1315	Teacher Education - Reading	0

13.1317	Teacher Education - Social Science	8
13.1318	Teacher Education - Social Studies	0
13.1320	Teacher Education - Trade and Industrial	0
13.1321	Teacher Education - Computer Science	0
13.1322	Teacher Education - Biology	4
13.1323	Teacher Education - Chemistry	0
13.1324	Teacher Education - Drama and Dance	1
13.1328	Teacher Education - History	4
13.1329	Teacher Education - Physics	0
13.1331	Teacher Education - Speech	1

CIP Code	Subject Area	Number Prepared
13.1337	Teacher Education - Earth Science	0
13.14	Teacher Education - English as a Second Language	13
13.99	Education - Other Specify: Psychology	1

## **Teachers Prepared by Academic Major**

Please provide the number of teachers prepared by academic major for academic year 2019-20. For the purposes of this section, number prepared means the number of program completers. "Academic major" refers to the actual major(s) declared by the program completer. An individual can be counted in more than one academic major. If no individuals were prepared in a particular academic major, please leave that cell blank. (§205(b)(1)(H))

Please note that the list of majors includes several "Teacher Education" majors, as well as several noneducation majors. Please use care in entering your majors to ensure education-specific majors and non-education majors are counted correctly. For example, if an individual majored in Chemistry, that individual should be counted in the "Chemistry" academic major category rather than the "Teacher Education—Chemistry" category.

#### What are CIP Codes?

Do	participants	earn a	degree	upon	completion	of the	program?

Yes No

No teachers prepared in academic year 2019-20

If your program does not grant participants a degree upon completion, or has no teachers prepared, leave the table below blank (or <u>clear responses already entered</u>).

CIP Code	Academic Major	Number Prepared
13.10	Teacher Education - Special Education	6
13.1202	Teacher Education - Elementary Education	56

SECTION I: PROGRAM INFORMATION

## **Program Assurances**

Respond to the following assurances. Note: Teacher preparation programs should be prepared to provide documentation and evidence, when requested, to support the following assurances. (§205(a)(1)(A)(iii); §206(b))

	UDES:

>> Program Assurances

Program Assurances
1. Program preparation responds to the identified needs of the local educational agencies or States where the program completers are likely to tea based on past hiring and recruitment trends.
• Yes No
2. Preparation is closely linked with the needs of schools and the instructional decisions new teachers face in the classroom.
Yes No
3. Prospective special education teachers are prepared in core academic subjects and to instruct in core academic subjects.
Yes No
Program does not prepare special education teachers
4. Prospective general education teachers are prepared to provide instruction to students with disabilities.
Yes No
5. Prospective general education teachers are prepared to provide instruction to limited English proficient students.
• Yes No
6. Prospective general education teachers are prepared to provide instruction to students from low-income families.
Yes No
7. Prospective teachers are prepared to effectively teach in urban and rural schools, as applicable.
Yes No

8. Describe your institution's most successful strategies in meeting the assurances listed above:

Candidates admitted to initial certification programs in Elementary Education K-6, SPED Gen K-6 and K-12, Physical Education K-6, and Early Childhood Education Birth-Grade 3, complete the same academic core courses as well as the same pedagogical core courses for the literacy and mathematics areas. Candidates in these programs also complete the same core courses that focus on individual differences and multi-cultural issues. All PK-12 and 7-12 candidates in areas other than the four mentioned above take a course on teaching reading to all students and on adapting instruction to specific learning needs using the Universal Design for Learning format. Beginning with the first course in the professional sequence, TE 100, all candidates have opportunities to have field and/or clinical experiences in diverse settings. Moreover, the progression of the other required field experiences is intentional so as to provide candidates opportunities to work in PK-12 schools of differing sizes, as well as those with diverse populations including but not limited to SES, ESL, and ethnicity. Additionally, the Collegiate Middle-Level Association (CMLA) brought in two speakers in December of 2019 who were trained in trauma and who have trained educators on trauma-informed practices as well as how to help students with

## **Annual Goals: Mathematics**

Each institution of higher education (IHE) that conducts a traditional teacher preparation program (including programs that offer any ongoing professional development programs) or alternative route teacher preparation program, and that enrolls students receiving Federal assistance under this Act, shall set annual quantifiable goals for increasing the number of prospective teachers trained in teacher shortage areas designated by the Secretary or by the state educational agency, including mathematics, science, special education, and instruction of limited English proficient students.

(§205(a)(1) (A)(i), §205(a)(1)(A)(ii), §206(a))

Key terms in this section are listed below. Click on the link to view the definition(s) in the glossary.

Quantifiable Goals

#### THIS PAGE INCLUDES:

- >> Report Progress on Last Year's Goal (2019-20)
- >> Review Current Year's Goal (2020-21)
- >> Set Next Year's Goal (2021-22)

1. Did your program prepare teachers in mathematics in 2019-20?

If no, leave remaining questions for 2019-20 blank (or clear responses already entered).

Yes

No

2. Describe your goal.

Our goal was to increase the number of teachers prepared in Mathematics Education by 12 candidates.

- 3. Did your program meet the goal?
  - Yes
  - No
- 4. Description of strategies used to achieve goal, if applicable:

Strategies for meeting this goal included utilizing the Faculty Advisor for SEC, who also serves as the COE Secondary Advisor, to work with departments to share the SEC promotion video in UNK introductory courses via Canvas in education, science, math, English, allied health, family studies, psychology, and especially STEM disciplines, SPED and ESL. Additionally, the COE Recruitment & Retention Task Force met in 2019-20 to align its efforts with those of the newly developed UNK Strategic Enrollment Plan.

5. Description of steps to improve performance in meeting goal or lessons learned in meeting goal, if applicable:

Because of the pandemic, the movement with the UNK Strategic Enrollment Plan went from whole campus conversations and goal setting to hiring a new Admissions Director (AD). The ideas from the campus input will be shared with the new AD.

6. Provide any additional comments, exceptions and explanations below:

Aside from the University's efforts, the math department has been collecting data on admitted math education majors (6-12). They recognized students were leaving during their 2nd year. The math education professors have submitted a program change to include an additional methods course in year two rather than the single course in year four, which was the semester before student teaching. They believe the earlier the math education professors can have a class with students, there will be an increase in the numbers that continue after year two.

## **Review Current Year's Goal (2020-21)**

7. IS	your program preparing teachers in mathematics in 2020-21? If no, leave the next question blank.
	Yes
	No

8. Describe your goal.

Our goal is to increase the number of teachers prepared in Mathematics Education by 12 candidates.

## Set Next Year's Goal (2021-22)

- 9. Will your program prepare teachers in mathematics in 2021-22? If no, leave the next question blank.
  - Yes

No

10. Describe your goal.

Our goal is to increase the number of teachers prepared in Mathematics Education by 6 candidates.

## **Annual Goals: Science**

Each institution of higher education (IHE) that conducts a traditional teacher preparation program (including programs that offer any ongoing professional development programs) or alternative route teacher preparation program, and that enrolls students receiving Federal assistance under this Act, shall set annual quantifiable goals for increasing the number of prospective teachers trained in teacher shortage areas designated by the Secretary or by the state educational agency, including mathematics, science, special education, and instruction of limited English proficient students.

(§205(a)(1) (A)(i), §205(a)(1)(A)(ii), §206(a))

 ${\bf 6.\ Provide\ any\ additional\ comments}, exceptions\ and\ explanations\ below:$ 

During the pandemic, the efforts ceased.

## **Annual Goals: Special Education**

Each institution of higher education (IHE) that conducts a traditional teacher preparation program (including programs that offer any ongoing professional development programs) or alternative route teacher preparation program, and that enrolls students receiving Federal assistance under this Act, shall set annual quantifiable goals for increasing the number of prospective teachers trained in teacher shortage areas designated by the Secretary or by the state educational agency, including mathematics, science, special education, and instruction of limited English proficient students.

(§205(a)(1) (A)(i), §205(a)(1)(A)(ii), §206(a))

Key terms in this section are listed below. Click on the link to view the definition(s) in the glossary.

Quantifiable Goals

#### THIS PAGE INCLUDES:

- >> Report Progress on Last Year's Goal (2019-20)
- >> Review Current Year's Goal (2020-21)
- >> Set Next Year's Goal (2021-22)

## Report Progress on Last Year's Goal (2019-20)

1. Did your program prepare teachers in special education in 2019-20?

If no, leave remaining questions for 2019-20 blank (or clear responses already entered).

Yes

No

2. Describe your goal.

Our goal was to increase the number of teachers prepared in Special Education by 10 new candidates.

- 3. Did your program meet the goal?
  - Yes
  - \_ No
- 4. Description of strategies used to achieve goal, if applicable:

Strategies for meeting this goal include the utilization of the Faculty Advisor for SEC, who also serves as the COE Secondary Advisor, to share the SEC promotion video in UNK introductory courses via Canvas in education, science, math, English, allied health, family studies, psychology, and especially STEM disciplines, SPED and ESL. Additionally, the COE Recruitment & Retention Task Force met in 2019-20 to align its efforts with those of the newly developed UNK Strategic Enrollment Plan.

5. Description of steps to improve performance in meeting goal or lessons learned in meeting goal, if applicable:

Continue to reimagine how we can reach out to students not already thinking about teaching as a profession.

Science education is housed in the College of Education for Middle Level (grade 5-9) and in the College of Arts and Sciences (CAS) (grade 7-12). A
consistent conversation with CAS about the goal and action steps is important.

## **Review Current Year's Goal (2020-21)**

7. Is your program preparing teachers in special education in 2020-21? If no, leave the next question blank.

8. Describe your goal.

Our goal is to increase the number of teachers prepared in Special Education (SPED K-6, SPED K-12, SPED 7-12, and SPED minor) by 10 new candidates.

## Set Next Year's Goal (2021-22)

9. Will your program prepare teachers in special education in 2021-22? If no, leave the next question blank.

10. Describe your goal.

Go into the introductory education class and present the variety of endorsements as well as share how fulfilling teaching SpEd can be.

SECTION II: ANNUAL GOALS

# **Annual Goals: Instruction of Limited English Proficient Students**

Each institution of higher education (IHE) that conducts a traditional teacher preparation program (including programs that offer any ongoing professional development programs) or alternative route teacher preparation program, and that enrolls students receiving Federal assistance under this Act, shall set annual quantifiable goals for increasing the number of prospective teachers trained in teacher shortage areas designated by the Secretary or by the state educational agency, including mathematics, science, special education, and instruction of limited English proficient students.

(§205(a)(1) (A)(i), §205(a)(1)(A)(ii), §206(a))

Key terms in this section are listed below. Click on the link to view the definition(s) in the glossary.

Quantifiable Goals

#### THIS PAGE INCLUDES:

- >> Report Progress on Last Year's Goal (2019-20)
- >> Review Current Year's Goal (2020-21)
- >> Set Next Year's Goal (2021-22)

## Report Progress on Last Year's Goal (2019-20)

Did your program prepare teachers in instruction of limited English proficient students in 2019-20?
 If no, leave remaining questions for 2019-20 blank (or <u>clear responses already entered</u>).

Yes

No

2. Describe your goal.

Our goal was to increase the number of teachers prepared for the Instruction of Limited English Proficient Students by 10 new candidates.

3. Did your program meet the goal?

Yes

No

4. Description of strategies used to achieve goal, if applicable:

Strategies for meeting this goal include the utilization of the Faculty Advisor for SEC, who also serves as the COE Secondary Advisor, has been working with departments to share the SEC promotion video in UNK introductory courses via Canvas in education, science, math, English, allied health, family studies, psychology, and especially STEM disciplines, SPED and ESL. Additionally, the COE Recruitment & Retention Task Force met in 2019-20 to align its efforts with those of the newly developed UNK Strategic Enrollment Plan. UNK's Supplemental English as a Second Language Endorsement was also refined to be more reflective of the needs of future ESL teachers as well as fewer credit hours than the previous program of study (from 25-35 credits hours to 20 credit hours for the ESL supplemental endorsement).

5. Description of steps to improve performance in meeting goal or lessons learned in meeting goal, if applicable:

6. Provide any additional comments, exceptions and explanations below:
Half of this academic year was taught during a pandemic and remote. Our recruitment efforts stopped.
Review Current Year's Goal (2020-21)
7. Is your program preparing teachers in instruction of limited English proficient students in 2020-21? If no, leave the next question blank.
Yes
No
8. Describe your goal.
Our goal is to increase the number of teachers prepared for the Instruction of Limited English Proficient Students by 10 new candidates.
Set Next Veer's Coel (2024-22)
Set Next Year's Goal (2021-22)
Set Next Year's Goal (2021-22)  9. Will your program prepare teachers in instruction of limited English proficient students in 2021-22? If no, leave the next question blank.

## **Assessment Pass Rates**

The pass rates table is populated from files provided by the testing company or state. The table provides information on the performance of the students in your teacher preparation program on each teacher credential assessment used by your state. In cases where a student has taken a given assessment more than once, the highest score on that test is used. In the case of a teacher preparation program with fewer than 10 scores reported on any single initial teacher credential assessment during an academic year, the program shall collect and publish information with respect to an average pass rate and scaled score on each state credential assessment taken over a three-year period. (§205(a)(1)(B))

Please note that this page does not have an edit feature as the pass rates have already been through several rounds of verification. If you identify an error, please contact RTI's Title II Support Center and your testing company representative.

SECTION V: USE OF TECHNOLOGY

## **Use of Technology**

On this page, review the questions regarding your program's use of technology. If you submitted an IPRC last year, this section is pre-loaded from your prior year's report; please review and update as necessary.

After reviewing and updating as necessary, save the page using the floating save box at the bottom of the page.

THI	S PAGE INCLUDES:		
>>	Use of Technology		

## **Use of Technology**

1. Provide the following information about the use of technology in your teacher preparation program. Please note that choosing 'yes' indicates that your teacher preparation program would be able to provide evidence upon request. (§205(a)(1)(F))

Does your program prepare teachers to:

- a. integrate technology effectively into curricula and instruction
  - Yes
    - No
- b. use technology effectively to collect data to improve teaching and learning
  - Ye
    - No
- c. use technology effectively to manage data to improve teaching and learning
  - Yes
  - No
- d. use technology effectively to analyze data to improve teaching and learning
  - Yes
  - No
- 2. Provide a description of the evidence that your program uses to show that it prepares teachers to integrate technology effectively into curricula and instruction, and to use technology effectively to collect, manage, and analyze data in order to improve teaching and learning for the purpose of increasing student academic achievement. Include a description of the evidence your program uses to show that it prepares teachers to use the principles of universal design for learning, as applicable. Include planning activities and a timeline if any of the four elements listed above are not currently in place.

Technology is one of the three strategic themes that are showcased in the unit's Conceptual Framework. The effective use of technology is apparent. All classrooms in the College of Education building are equipped with a standard technology package including a desktop computer, projector, and Hovercam. The COE building also is home for one computer lab, one flex lab, two iPad labs, and two mobile laptop labs (Chromebooks). At the initial level, all baccalaureate candidates are required to take a course (TE 206: Instructional Technology and the Pre-service Teacher) to develop technology skills typically used by teachers. Candidates also use technology within their respective methods courses and learn how to use technology relevant to their field. Candidate use of technology extends well beyond the use of laptops and Tablet technology. All Initial candidates also use TaskStream (TS). TS is a web-based portfolio and teacher support system that facilitates assessment development and data collection and analysis. All initial candidates also gain first-hand experience with technology through the routine use of Canvas in a large majority of their classes. Candidates' use of Universal design is being taught in the reading and inclusion course (TE 306) and in special education classes that are in the core for elementary education, early childhood, and special education majors. In spring, 2016, the P-16 Education Partners Ad Hoc Committee recommended the adoption of the ISTE Standards for Students in the educational preparation of candidates. This was subsequently voted on and approved by the faculty. The CAEP Standard 1 Team then added "technology" into the Charlotte Danielson Framework for Teaching (per permission to do de minimus changes outlined in Use of Technology outlined in the contract with ASCD) in the progression levels of appropriate indicators. Additionally, ISTE Standards for Students have been

added to the lesson plan template used in both Level 3 and in clinical experiences to be assessed using the Danielson indicator 1f-2 Criteria and Standards. Additionally, a Selected Improvement Plan focusing on technology-related components of the CAEP Standards is currently being implemented. A large conference room was upgraded with new technology in 2018-19 through the generous gift of a donor. At this time the Dean's Conference Room, along with two classrooms were also given a technology facelift with monies from the STEM grant. A second conference room is to be upgraded this year (2019-2020) due to another generous donor. Lastly, the COE Technology Committee, which gives faculty a voice in technology decisions, also began to fund proposals for projects/initiatives that support students in their online learning and coursework this year.

SECTION VI: TEACHER TRAINING

## **Teacher Training**

Provide the following information about your teacher preparation program.

(§205(a)(1)(G))

THIS	PΑ	GEI	INCL	חוו	F.S

>> Teacher Training

### **Teacher Training**

- 1. Provide a description of the activities that prepare general education teachers to:
  - a. Teach students with disabilities effectively

Diversity is one of the three strategic themes in the unit's Conceptual Framework. A commitment to more effective teaching of all students, regardless of their gender, race-ethnicity, socioeconomic status, learning background, first language, etc., is central to this commitment to diverse students. All initial candidates are required to take an introductory course (TE 204-Growth & Development/Introduction to Exceptionalities) which provides a solid foundation for understanding student exceptionalities and also provides a foundation for candidates' further study. All Early Childhood, Elementary Education, Special Education K-6, SPED K-12, PE K-6, and Middle Grades candidates subsequently enroll in TE 411, Inclusive Practices in Pre-8 Classrooms while all Secondary (7-12) and K-12 candidates enroll in TE 306, Reading and Inclusion in Secondary Classrooms. Both of these upperdivision courses hone in on learning strategies for modifying the curriculum to maximize the learning potential for all students – particularly students with identified exceptionalities. Commitment to preparing initial candidates for effectively teaching all students is also evident in the field experience components of the teacher preparatory experience. All candidates spend time in diverse school settings. Generally, in the third year, all students will take a Classroom Management and Assessment course where they develop further skills in lesson planning which includes a successful demonstration of differentiating the lesson (instructional strategies, assignments). The expectations for candidate performance in field experiences, especially including the clinical (student teaching) semester, include successful completion of assignments that require candidates to demonstrate an ability to engage in data-driven, differentiated lesson planning. Additionally, in response to the growing mental health needs in PK-12 schools, all Middle Level Education areas of endorsement have added required coursework (CSP 404-Counselling & Mental Disorders and CSP 417-Counseling Skills) to better equip candidates with the knowledge and skills to better support students. Our other areas of endorsement are also being reviewed to potentially add one counseling class to their respective programs of study.

b. Participate as a member of individualized education program teams, as defined in section 614(d)(1)(B) of the *Individuals with Disabilities Education Act*.

All initial certification candidates are required to take an introductory course (TE 204–Growth & Development/Introduction to Exceptionalities) which provides a solid foundation for understanding student exceptionalities and also provides a foundation for candidates' further study. All Early Childhood, Elementary Education, Special Education K-6, SPED K-12, PE K-6, and Middle Level candidates subsequently enroll in TE 411, Inclusive Practices in Pre-8 Classrooms while all Secondary (7-12) and K-12 candidates enroll in TE 306, Reading and Inclusion in Secondary Classrooms. Both of these upper-division courses hone in on learning strategies for modifying the curriculum to maximize the learning potential for all students – particularly students with identified exceptionalities, as well as in successful participation as a member of an individualized education program team. Additionally, Middle Level takes TESE 330 Collaboration, Consultation, and Co-Teaching course which further develops a close relationship with a special education teacher and builds a stronger IEP team.

c. Effectively teach students who are limited English proficient.

The teacher preparatory experience for general education-endorsed initial certification candidates includes preparation for teaching English Language Learners. For all initial candidates, this process begins in the freshman-level introductory course, TE 100—Teaching in a Democratic Society, which includes field experiences where candidates begin to develop the knowledge, skills, and dispositions for working with English Language Learners. All initial certification candidates are then required to take TE 204—Growth & Development/Introduction to Exceptionalities which provides a solid foundation for understanding student exceptionalities and also provides a foundation for candidates' further study. One main area of study is that of Language Development which provides students a basis for understanding typical language development as well as a basic understanding of strategies and concepts related to working with English Language Learners. These understandings are further developed via the infusion of concepts associated with working with limited English proficient students throughout methods courses. Moreover, candidates seeking endorsements in Early Childhood, Elementary Education, SPED K-6 and SPED K-12 participate in weekly field experiences in a school with a high number of students who are limited English proficient. Middle Level endorsed students spend 50 hours in a school with a large population of

multilingual students where they learn about their unique needs and instructional strategies to meet those needs. Additionally, all Teacher Education candidates are required to outline differentiation strategies in the Lesson Sequence and Delivery section of the lesson plan template used in both Level 3 and clinical experiences. Finally, the unit encourages all initial certification candidates, both those pursuing a general education endorsement and those seeking a special education endorsement, to consider also pursuing an ESL teaching endorsement. Each year, 10-20 initial candidate program completers graduate with the ESL endorsement. The ESL endorsement involves completing an additional twenty credit hours of coursework.

#### 2. Does your program prepare special education teachers?

Yes

No

If yes, provide a description of the activities that prepare special education teachers to:

#### a. Teach students with disabilities effectively

All Special Education K-6, SPED 7-12 and SPED K-12 candidates are required to take the introductory course, TE 204–Growth & Development/Introduction to Exceptionalities. TE 204 provides the foundation for continued study of human exceptionalities. Candidates pursuing certification in Special Education Generalist K-6 and K-12 complete TE 411-Inclusive Practices in Pre-8 Classrooms, while candidates pursuing the Special Education Generalist 7-12 endorsement complete TE 306-Reading and Inclusion in Secondary/K-12 Classrooms. All candidates pursuing one of the special education endorsements then also complete an additional 19+ credit hours of coursework specifically designed to develop their teaching knowledge and skills in regard to working with students with disabilities including TESE 462-Assessment and IEP Development, TESE 463-Instructional Strategies for Individuals with Disabilities, TESE 467-Behavioral Interventions, TESE 330-Collaboration, Consultation, Co-Teaching, TESE 437-Medical Aspects of Individuals with Disabilities, TESE 461-Legal Issues in Special Education, TESE 464-Field Experience with K-8 Students, TESE 468-Assistive Technology, and TESE 479-Teaching Social Skills to Students with Autism Spectrum Disorder. Candidates from each of the three SPED endorsement areas then conclude their programs of study with coursework specific to their respective endorsements.

# b. Participate as a member of individualized education program teams, as defined in section 614(d)(1)(B) of the *Individuals with Disabilities Education Act*.

All Special Education K-6, SPED 7-12 and SPED K-12 candidates are required to take the introductory course, TE 204—Growth & Development/Introduction to Exceptionalities. TE 204 provides a solid foundation for understanding student exceptionalities and also provides a foundation for candidates' further study. All Special Education endorsement candidates subsequently enroll in TESE 462-Assessment and IEP Development (where candidates must successfully complete ten IEPs as well as learn about IEP Meetings), TESE 461-Legal Issues in Special Education, TESE 463-Instructional Strategies for Individuals with Disabilities (where candidates complete an additional learning module which goes into greater depth on the IEP process/meetings), and TESE 467-Behavioral Interventions to prepare for writing IEPs and their leadership role in the IEP process. Candidates also take TESE 330 Collaboration, Consultation, and Teamwork, which specifically focuses on developing their ability to work within and lead individualized education teams.

#### c. Effectively teach students who are limited English proficient.

The teacher preparatory experience for Special Education-endorsed initial candidates includes preparation for teaching English Language Learners. Like all other initial certification candidates, this process begins in the freshman-level introductory course, TE 100–Teaching in a Democratic Society, which includes field experiences where candidates begin to develop the knowledge, skills, and dispositions for working with English Language Learners. All SPED initial certification candidates are then required to take TE 204–Growth & Development/Introduction to Exceptionalities which provides a solid foundation for understanding student exceptionalities and also provides a foundation for candidates' further study. One main area of study is that of Language Development which provides students a basis for understanding typical language development as well as a basic understanding of strategies and concepts related to working with English Language Learners. These understandings are further developed via the infusion of concepts associated with working with limited English proficient students throughout methods courses. Moreover, candidates seeking endorsements in SPED K-6 and SPED K-12 participate in weekly field experiences in a school with a high number of students who are limited English proficient. Additionally, candidates are required to outline differentiation strategies in the Lesson Sequence and Delivery section of the lesson plan template used in both Level 3 and clinical experiences.

### **Contextual Information**

On this page, review the contextual information about your program. If you submitted an IPRC last year, this section is pre-loaded from your prior year's report; please review and update as necessary.

After reviewing and updating as necessary, save the page using the floating save box at the bottom of the page.

#### **Contextual Information**

Please use this space to provide any additional information that describes your teacher preparation program(s). You may also attach information to this report card (see below). The U.S. Department of Education is especially interested in any evaluation plans or interim or final reports that may be available.

1) Summary and Assessment Pass Rates - Over the past five years, our students who were first-time pass Praxis Subject Assessment takers, ranged from 79.09% in 2016-2017 to 94.84% in 2018-2019. Our mean pass rate of first-time passers over the past five years is 88.04% 2) Benchmarks/Gateways. Candidates must pass through four gateways in order to complete the Teacher Education Program: 1) admission to the program; 2) admission to student teaching; 3) successful completion of student teaching, and 4) completion of unit and program requirements for the baccalaureate degree. The final step, applying for certification, occurs after all requirements are met. Formal admission to the teacher education program requires successfully meeting several criteria: (a) minimum GPA requirement (2.75); (b) passing the PRAXIS Core examination meeting a minimum score set forth by the Nebraska Department of Education; (c) completing specific English and Speech coursework with a minimum grade of C; (d) completing introductory professional education courses (TE 100, 204, or 206 [MUS 201 replaces TE 206 for Music Ed Majors only] with a minimum grade of C; (e) providing evidence of sufficient emotional and mental capacity; and (f) completing all required forms/paperwork. Formal admission to student teaching also requires successfully meeting several criteria: (a) completion of all remaining professional sequence courses and field experiences; (b) a minimum GPA requirement (2.75); (c) complete the methods courses for specific endorsements and respective field experience courses; (d) gain approval from the department(s) offering the endorsement(s); (e) complete an application to student teach. Completion of student teaching requires demonstrating proficiency on the 76 indicators of the Charlotte Danielson Framework and the 9 dispositions included in the Educator Disposition Assessment at a level that satisfies the assigned P-12 cooperating teacher and the UNK supervisor. Field/Clinical Experiences. All endorsement programs complete at least 100 hours of supervised field experiences prior to clinical experience (student teaching). All PK-12 endorsement programs (Art, Music, Physical Education) and all secondary (7-12) endorsements programs (such as History, English, etc.) complete the minimum 100 hours of supervised experiencestypically during the Junior/Senior years. Candidates in the Elementary Education, Special Education Generalist K-6 and K-12, and Early Childhood programs complete a minimum of 150 clock hours prior to student teaching. All traditional candidates are required to complete a minimum of 640 clock hours within a 16-week clinical experience assignment. Candidates pursuing more than one field endorsement complete an 800 clock hour/20-week clinical experience assignment.

## **Supporting Files**

No files have been provided.

You may upload files to be included with your report card. You should only upload PDF or Microsoft Word or Excel files. These files will be listed as links in your report card. Upload files in the order that you'd like them to appear.

## **Report Card Certification**

Please make sure your entire report card is complete and accurate before completing this section. Once your report card is certified you will not be able to edit your data.

#### **Certification of submission**

I certify that, to the best of my knowledge, the information in this report is accurate and complete and conforms to the definitions and instructions used in the ✓ Higher Education Opportunity Act, Title II: Reporting Reference and User Manual.

NAME OF RESPONSIBLE REPRESENTATIVE FOR TEACHER PREPARATION PROGRAM:

Chandra Diaz

TITLE:

Associate Dean of the College of Education

#### Certification of review of submission

I certify that, to the best of my knowledge, the information in this report is accurate and complete and conforms to the definitions and instructions used in the Higher Education Opportunity Act, Title II: Reporting Reference and User Manual.

#### NAME OF REVIEWER:

Scott Unruh
