ADVISER Data Element: Programs
Early Childhood Education Program
For 2022-2023

All districts must complete the Advanced Data Views Improving Student Education Response (ADVISER) Programs Data Element: Early Childhood Program for all children birth to kindergarten entrance age enrolled in a district or ESU early childhood program. The lists below will assist district personnel in determining the appropriate Early Learning Setting Code to use for the early childhood program(s) operated by the district. It may be appropriate that more than one Early Learning Setting code will be used within the district; however, an individual student will only be assigned one Early Learning Setting code.

Please refer to the ADVISER website www.education.ne.gov/dataservices/adviser-resources/ for additional information. Districts with a new early childhood program, districts that no longer have an early childhood program, and districts with questions regarding the Programs Data Element: Early Childhood program should contact ADVISERHelp@nebraskacloud.org.
