

# YOUTH VIDEOGRAPHY

Does your program have any aspiring YouTubers, TikTok Wizards, or video Geeks? Partner with Beyond School Bells and The Bay/Rabble Mill to provide them with a Youth Videography Club to unleash student voices to tell the story of your afterschool program!

## Students gain:

In these club or camp experiences, students gain a mad set of videography skills through hands-on film making with high-quality equipment. Skills covered include:

- Lighting, sound, and camera positioning
- Intentional backgrounding and interviewing
- Editing and producing a cohesive, targeted story

## Afterschool programs gain:

- A student created set of marketing materials and cool club offering for students
- A set of 4K cameras, tripods, and mics provided by BSB
- Access to high-quality curriculum developed by Rabble Mill
