

## Nebraska's Data Visualization and Use Education Innovation Network: Cohort 3

The Nebraska Department of Education is pleased to introduce the next installment of the **Data Visualization and Use Network**! We're selecting a diverse and dedicated group of **ESU, district, and school-level staff** hoping to expand their data visualization skills. Whether you use data every day or only rarely, we welcome your application.

As a new Network member, you will participate in **6 FREE sessions** where you'll learn how to **use powerful data tools** to **set strategic goals** and **improve educational outcomes**. In addition to the sessions, Network members will have the opportunity to inform development of the ADVISER Dashboard and participate in regular **Data Network Communities of Practice** with other data-driven educators in Nebraska.

**Who:** Nebraska ESU, district, and school staff interested in data

**When:** 10:30-11:30am CT on Tuesdays: 3/14, 3/28, 4/11, 4/25, 5/9, and 5/23

**Where:** Virtual, via Zoom

**What:** 6 FREE data learning sessions covering topics such as:

- Why Use Data?
- Data Analysis Basics & Common Tools
- Data Visualization: Charts, Maps that Make Sense
- Storytelling with Data, Diving Deeper into Data
- Diving Deeper into Data
- Data for Improving Outcomes: Turn Data into Action
