Supervised Clinical Experience

Provide the following information about supervised clinical experience in 2020-21. ([§205\(a\)\(1\)\(C\)\(iii\)](#), [§205\(a\)\(1\)\(C\)\(iv\)](#))

Are there programs with student teaching models?

- Yes
 No

If yes, provide the next two responses. If no, leave them blank.

Programs with student teaching models (most traditional programs)

Number of clock hours of supervised clinical experience required prior to student teaching

100

Number of clock hours required for student teaching

560

Are there programs in which candidates are the teacher of record?

- Yes
 No

If yes, provide the next two responses. If no, leave them blank.

Programs in which candidates are the teacher of record in a classroom during the program (many alternative programs)

Number of clock hours of supervised clinical experience required prior to teaching as the teacher of record in a classroom

Number of years required for teaching as the teacher of record in a classroom

All Programs

Number of full-time equivalent faculty supervising clinical experience during this academic year (IHE staff)

8

Number of students in supervised clinical experience during this academic year

77

Please provide any additional information about or descriptions of the supervised clinical experiences:

Number of students in supervised clinical experience during this academic year is the number of students in actual student teaching experience. It does not include students completing field experiences or observations prior to student teaching.

Enrollment and Program Completers

THIS PAGE INCLUDES:

>> [Enrollment and Program Completers](#)

In each of the following categories, provide the total number of individuals enrolled in teacher preparation programs for an initial teaching credential and the subset of individuals enrolled who also completed the program during the academic year.

Teachers Prepared

On this page, enter the number of program completers by the subject area in which they were prepared to teach, and by their academic majors. Note that an individual can be counted in more than one academic major and subject area. For example, if an individual is prepared to teach Elementary Education and Mathematics, that individual should be counted in both subject areas. If no individuals were prepared in a particular academic major or subject area, you may leave the cell blank. Please use the "Other" category sparingly, if there is no similar subject area or academic major listed. In these cases, you should use the text box to describe the subject area(s) and/or the academic major(s) counted in the "Other" category.

If your IHE offers both traditional and alternative programs, be sure to enter the program completers in the appropriate reports. For the traditional report, provide only the program completers in traditional programs within the IHE. For the alternative report, provide only the program completers for the alternative programs within the IHE.

After entering the teachers prepared data, save the page using the floating save box at the bottom of the page.

THIS PAGE INCLUDES:

- >> [Teachers Prepared by Subject Area](#)
- >> [Teachers Prepared by Academic Major](#)

Key terms in this section are listed below. Click on the link to view the definition(s) in the glossary.

- [Academic Major](#)

Teachers Prepared by Subject Area

Please provide the number of teachers prepared by subject area for academic year 2020-21.

For the purposes of this section, number prepared means the number of program completers. "Subject area" refers to the subject area(s) an individual has been prepared to teach. An individual can be counted in more than one subject area. If no individuals were prepared in a particular subject area, please leave that cell blank. [\(\\$205\(b\)\(1\)\(H\)\)](#)

What are CIP Codes?

No teachers prepared in academic year 2020-21

If your program has no teachers prepared, check the box above and leave the table below blank (or [clear responses already entered](#)).

What are CIP codes? The Classification of Instructional Programs (CIP) provides a taxonomic scheme that supports the accurate tracking and reporting of fields of study and program completions activity. CIP was originally developed by the U.S. Department of Education's National Center for Education Statistics (NCES) in 1980, with revisions occurring in 1985, 1990, and 2000 (<https://nces.ed.gov/ipeds/cipcode/Default.aspx?y=55>).

Teachers Prepared by Academic Major

Please provide the number of teachers prepared by academic major for academic year 2020-21. For the purposes of this section, number prepared means the number of program completers. "Academic major" refers to the actual major(s) declared by the program completer. An individual can be counted in more than one academic major. If no individuals were prepared in a particular academic major, please leave that cell blank. ([§205\(b\)\(1\)\(H\)](#))

Please note that the list of majors includes several "Teacher Education" majors, as well as several noneducation majors. Please use care in entering your majors to ensure education-specific majors and non-education majors are counted correctly. For example, if an individual majored in Chemistry, that individual should be counted in the "Chemistry" academic major category rather than the "Teacher Education–Chemistry" category.

What are CIP Codes?

Do participants earn a degree upon completion of the program?

- Yes
 No

Program Assurances

THIS PAGE INCLUDES:

>> [Program Assurances](#)

Respond to the following assurances. Note: Teacher preparation programs should be prepared to provide documentation and evidence, when requested, to support the following assurances. ([§205\(a\)\(1\)\(A\)\(iii\)](#); [§206\(b\)](#))

Program Assurances

1. Program preparation responds to the identified needs of the local educational agencies or States where the program completers are likely to teach, based on past hiring and recruitment trends.

- Yes
 No

2. Preparation is closely linked with the needs of schools and the instructional decisions new teachers face in the classroom.

- Yes
 No

3. Prospective special education teachers are prepared in core academic subjects and to instruct in core academic subjects.

- Yes
 No
 Program does not prepare special education teachers

4. Prospective general education teachers are prepared to provide instruction to students with disabilities.

- Yes
 No

5. Prospective general education teachers are prepared to provide instruction to limited English proficient students.

- Yes
 No

6. Prospective general education teachers are prepared to provide instruction to students from low-income families.

- Yes
 No

7. Prospective teachers are prepared to effectively teach in urban and rural schools, as applicable.

- Yes
 No

8. Describe your institution's most successful strategies in meeting the assurances listed above:

1. EPP offers programs for shortage areas as identified by State of Nebraska and local schools who participate in EPP Education Advisory Committee. AETP and TEACH grants are available for candidates who are working toward completion of shortage area programs. 2. School partners join in and contribute to the program's decision-making processes through the Education Advisory Committee. Additionally, EPP uses survey data from program completers in their first, second, and third year and their school principals to assess the teaching effectiveness of program completers through their third year. 3. Special Education teachers are required to earn the bachelor's degree with all core subjects required, including additional math courses. They are also required to complete six credit hours of literacy methods coursework. 4. All Education candidates are required to take at least one three-credit hour course that prepares general education teachers to provide instruction to students with disabilities, EDUC 224 Teaching Exceptional Learners. 5., 6., 7. All Education candidates are required to complete at least two three-credit hour courses that prepare them to provide instruction to limited English proficient students, low-income families, and from urban and rural schools. EDPS 210 Educational Psychology & Child

Annual Goals: Mathematics

Each institution of higher education (IHE) that conducts a traditional teacher preparation program (including programs that offer any ongoing professional development programs) or alternative route teacher preparation program, and that enrolls students receiving Federal assistance under this Act, shall set annual quantifiable goals for increasing the number of prospective teachers trained in teacher shortage areas designated by the Secretary or by the state educational agency, including mathematics, science, special education, and instruction of limited English proficient students.

Assessment Pass Rates

THIS PAGE INCLUDES:

>> [Assessment Pass Rates](#)

The pass rates table is populated from files provided by the testing company or state. The table provides information on the performance of the students in your teacher preparation program on each teacher credential assessment used by your state. In cases where a student has taken a given assessment more than once, the highest score on that test is used. In the case of a teacher preparation program with fewer than 10 scores reported on any single initial teacher credential assessment during an academic year, the program shall collect and publish information with respect to an average pass rate and scaled score on each state credential assessment taken over a three-year period. [\(S205\(a\)\(1\)\(B\)\)](#)

Please note that this page does not have an edit feature as the pass rates have already been through several rounds of verification. If you identify an error, please contact RTI's Title II Support Center and your testing company representative.

Summary Pass Rates

The pass rates table is populated from files provided by the testing company or state. The table provides information on the performance of the students in your teacher preparation program on each teacher credential assessment used by your state. In cases where a student has taken a given assessment more than once, the highest score on that test is used. In the case of a teacher preparation program with fewer than 10 scores reported on any single initial teacher credential assessment during an academic year, the program shall collect and publish information with respect to an average pass rate and scaled score on each state credential assessment taken over a three-year period. Use of Technology

1. Provide the following information about the use of technology in your teacher preparation program. Please note that choosing 'yes' indicates that your teacher preparation program would be able to provide evidence upon request. ([§205\(a\)\(1\)\(F\)](#))

Does your program prepare teachers to:

- a. integrate technology effectively into curricula and instruction

Yes
 No

- b. use technology effectively to collect data to improve teaching and learning

Yes
 No

- c. use technology effectively to manage data to improve teaching and learning

Yes
 No

- d. use technology effectively to analyze data to improve teaching and learning

Yes
 No

2. Provide a description of the evidence that your program uses to show that it prepares teachers to integrate technology effectively into curricula and instruction, and to use technology effectively to collect, manage, and analyze data in order to improve teaching and learning for the purpose of increasing student academic achievement. Include a description of the evidence your program uses to show that it prepares teachers to use the principles of universal design for learning, as applicable. Include planning activities and a timeline if any of the four elements listed above are not currently in place.

1. Candidates are prepared to integrate technology into curricula and instruction, collect, manage, and analyze data in several professional Education methods courses throughout the program. 2. Every candidate is required to take EDUC 346 Instructional Technology, a course that is dedicated to the integration and use of technology for teachers. 3. In coursework prior to student teaching, candidates are assessed formatively and expected to "Provide(s) relevant learning experiences that incorporate digital tools to stimulate interest. (InTASC 8; CAEP 1.1)" and "Use(s) student performance data and knowledge of students to identify interventions that support students. (InTASC 6; CAEP 1.1)" at the "Developing" level. 4. During student teaching, candidates are assessed summatively and expected to "Provide(s) relevant learning experiences that incorporate digital tools and resources to promote student learning and creativity. (InTASC 8; CAEP 1.1)" and ("Use(s) student performance data and knowledge of students to identify interventions that support and/or advance students to positively impact learning. (InTASC 6; CAEP 1.1)" at the "Proficient" level. 5. Improvements in the area of Technology are consistently ongoing due to the nature of technological changes. The Education department is in the process of developing a Technology Plan that will focus on improvements to teacher preparation in this area, based on feedback from members of the Education Advisory Committee who are leaders in local schools. 6. Universal design is taught and assessed explicitly in EDUC 324E Instruction and Assessment for Elementary/Middle and EDUC 324S Instruction and Assessment for Middle/Secondary. All candidates are required to successfully complete one of these courses. 7. The Education department requires candidates to use a Lesson Plan format that is based on universal design. This universal design

Lesson Plan format is taught and assessed in every Education course. The summative performance assessment for the program is the edTPA, completed by each candidate during student teaching. The edTPA requires universal design for lesson planning and requires all candidates to demonstrate effective use of assessment to inform instruction.

Teacher Training

>> [Teacher Training](#)

Provide the following information about your teacher preparation program.

(§205(a)(1)(G))

Teacher Training

1. Provide a description of the activities that prepare general education teachers to:

a. Teach students with disabilities effectively

One course (3 semester credit hours) that includes effectively teaching students with disabilities and participating as a member of individualized education program team is required for all Education candidates to successfully complete prior to student teaching (EDUC 224 Teaching Exceptional Learners).

b. Participate as a member of individualized education program teams, as defined in section 614(d)(1)(B) of the *Individuals with Disabilities Education Act*.

One course (3 semester credit hours) that includes effectively teaching students with disabilities and participating as a member of individualized education program team is required for all Education candidates to successfully complete prior to student teaching (EDUC 224 Teaching Exceptional Learners).

c. Effectively teach students who are limited English proficient.

One course (3 semester credit hours) that includes preparation for effectively teaching students who are limited English proficient is required of all Education candidates to complete prior to student teaching (EDUC 225 Diverse Classrooms and Human Relations).

2. Does your program prepare special education teachers?

- Yes
 No

If yes, provide a description of the activities that prepare *special education teachers* to:

a. Teach students with disabilities effectively

1. Special Education teacher preparation requires coursework to prepare candidates for students with mild/moderate disabilities, learning disabilities, and behavior disorders. 2. Either 42 or 51 semester credit hours of coursework prior to student teaching are required and include American Sign Language, adaptive physical education, instruction, assessment, evaluation, IEPs, teaching students with mild disabilities, and teaching students with moderate disabilities. the variation in number of credit hours is based on the State of Nebraska requirements for K-6, K-12, and &-12 endorsements. 3. Special Education teacher candidates are placed for student teaching with Special Education teachers who teach students with disabilities effectively. These candidates are required to perform on the student teaching summative assessment in teaching students with disabilities to the "Proficient" level.

b. Participate as a member of individualized education program teams, as defined in section 614(d)(1)(B) of the *Individuals with Disabilities Education Act*.

1. One course (3 semester credit hours) that includes effectively teaching students with disabilities and participating as a member of individualized education program team is required for all Education candidates to successfully complete (EDUC 224 Teaching Exceptional Learners). 2. Special education teacher preparation includes successful completion of EDUC 314 Assessment, Evaluation and IEP in which candidates must prepare and present mock IEPs. 3. Special Education candidates are placed for student teaching with Special Education teachers and required to participate in IEP meetings during student teaching to the extent that families and school districts will allow.

c. Effectively teach students who are limited English proficient.

One course (3 semester credit hours) that includes preparation for effectively teaching students who are limited English proficient is required of all Special Education candidates prior to student teaching (EDUC 225 Diverse Classrooms and Human Relations).
