After registering, you will receive a confirmation email containing information about joining the meeting.

Dr. Mona M. Johnson recently joined the Olympic Educational Service District 114 Team as the Executive Director of Teaching & Learning System Pathways at Olympic ESD 114. Most recently she worked in the South Kitsap School District as Executive Director of Wellness & Support and at the WA State Office of Superintendent of Public Instruction where she managed a wide variety of programs and professionals focused on ensuring that students and staff district-wide are healthy, safe, engaged, and supported in their pursuit of social emotional wellness and academic success. Prior to this, Mona also served as Chief of School Behavioral Health at the U.S. Army Medical Command Child where she had overall responsibility for the development of international School Behavioral Health Center programs on Army Installations in the U.S and Europe.

Mona presents, publishes, and consults at the local, state, and national levels in the areas of professional wellness, social emotional resilience, and trauma recovery. Most recently she published the article Self-Care is Not Enough! in the summer 2022 edition of Educational Leadership Journal. Past authored and co-authored publications include Self-Care: The Antidote to Compassion Fatigue in the Educational Leadership Journal (2020); The Heart of Learning and Teaching: Compassion, Resiliency and Academic Success (2009); Compassion Fatigue Training for Educators (2012); and How the Traumatic Experiences of Students Manifest in School Settings (Rossen & Hull, Editors, 2010 & 2013). Mona received the 2019 Touching Trauma at Its Heart Educator Award from the National Attachment and Trauma Network. Past awards include Champion for Children from the National Association of Children of Alcoholics and the Advocate of the Year Award from Community Anti-Drug Coalitions of America.

Mona has a Doctorate in Educational Leadership from the University of Washington and a Washington State Superintendent credential. Her masters and undergraduate degrees are in Social Sciences and Social Work. Mona lives in Gig Harbor, WA, with her amazing husband, Dan, and two over-indulged rescue cats named Emme and Elle.

## February Monthly Webinar: Supporting Farmworker Access to Health Care: Introduction to the Farmworker Health Network

[https://us02web.zoom.us/webinar/register/WN\\_VDbc4LXhRF2g-O2ukeYW4g](https://us02web.zoom.us/webinar/register/WN_VDbc4LXhRF2g-O2ukeYW4g)

[Register in Advance for this Webinar](#)

**February 21st 11 PST, 12 MST, 1 CST, 2 EST**

Farmworkers and their families experience numerous barriers to health care. Community and migrant health centers are important providers of primary health care in farmworker and rural communities. The Health Resources and Services Administration works with national organizations to provide training and technical assistance (T/TA) to support health centers serving farmworker communities. Known collectively as the Farmworker Health Network (FHN), these organizations - Farmworker Justice, Health Outreach Partners, MHP Salud, Migrant Clinicians Network, National Association of Community Health Centers, and National Center for Farmworker Health - work together to improve farmworker health and access to health care.

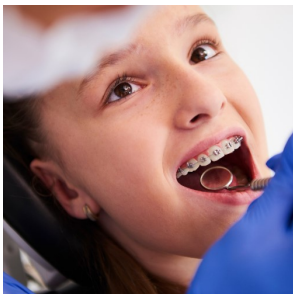

During this webinar, we will provide an introduction to health centers and the Farmworker Health Network. We will share the unique expertise of each organization and how we work together to support health centers. We will also provide links to resources for outreach staff and farmworker families. Each FHN organization will have a representative on this webinar. There will be opportunities for questions and discussion.

### Training Available for Data Staff

We will be holding a Data Summit for all Data Entry Personnel on March 20th and 21st. We will send out registration information on the 15th. Please watch your inbox. This should be a very informative virtual meeting. We will be covering topics for local, regional, and state data staff.

### Monthly Resources for the MEP

February is [Children's Dental Health Month](#). This would be a good opportunity to find a source for free dental kits like Delta Dental's Smile Kits. A Smile Kit includes a toothbrush, toothpaste, and floss in a reusable plastic pouch. Check your state's [Delta Dental website](#) for information on ordering.

iSOSY has some wonderful resources to support dental health and engage students in dental health awareness. Check out Bilingual Clip Sheets: [Dental Health: A Healthy Mouth Life Skills Lesson](#) and [English for Daily Life - Your Health: A Healthy Mouth](#) including 10 Ways to Kill a Toothache, What Causes Cavities, and Dental Vocabulary.

February is also **National Hot Breakfast Month**. Typically, people who skip breakfast are more likely to consume unhealthy foods and beverages and tend to overeat during the day. Think about it...you have been asleep for 6 to 8 hours with nothing to eat. Breakfast provides that jump start we need to get our metabolism going and fuels the body with nutrients we may not get any other time during the day. Do you know where the food banks are in your communities? [This site can help you.](#)

You can use iSOSY's [English for Daily Life: Community Resources](#) page to explain what community resources are and how to find them - including food banks. You can also tie in a lesson to the idea of nutrition by taking a closer look at grocery shopping with iSOSY's [English for Daily Life: Grocery Stores & Shopping](#) that includes helpful tools like flashcards of various grocery items. You could work with students to identify nutritious breakfast items with lessons that review Items in the Grocery, Healthy Shopping and Shopping the Perimeter. Students can engage interactively with these lessons using the Quizlet, Quia, and Ed Puzzle links.

Find even more helpful information to support National Hot Breakfast month:

**[6 Tips for a Better Breakfast](#)**

**[My Plate - School Breakfast \(for those enrolled in school\)](#)**

Finally, the third week of February is Random Acts of Kindness week.

The Random Acts of Kindness Foundation site contains kindness ideas for work, school, and home. You can find kindness quotes, stories, videos, and games to share. Additionally, the site has book lists, coloring pages, bookmarks, posters, and award certificates!

This is also great opportunity to review Relationship Building resources available on the iSOSY website. You will find useful materials on the Professional Learning page, in the OSY Relationship Building Manual and in several presentations in the Webinar Archives.

Challenge your colleagues and students to participate in random acts of kindness week and see what difference it can make.
