Description	Do you know how to reduce the risk of Sudden Unexpected Infant Death (SUID) and prevent accidental suffocation? Do you know the safest way to put a baby to sleep? Do you have a safe sleep policy? If you answered NO to any of these questions, this workshop is for you. The one-hour workshop was developed by the Early Childhood Training Center and meets the requirements of Nebraska State Statute 43-2606. Everyone is at risk of shaking a baby. When a baby is shaken, the shaking can cause brain damage, life changing disabilities, and even death. This is one childhood injury that is preventable. This one-hour workshop was developed by the Early Childhood Training Center and meets the requirements of Nebraska State Statute 43-2606. Child abuse and neglect unfortunately happens in Nebraska. Child care providers need to know about child abuse and neglect, how to make a report, ways to strengthen families, and how to prevent child abuse in their own child care programs. This two-hour workshop was developed by the Early Childhood Training Center and meets the requirements of Nebraska State Statute 43-2606.
Objectives	• Define SUID and accidental suffocation/strangulation in bed • Recite the four components of Safe Sleep • Have resources to develop a Safe Sleep Policy for an early childhood program • Review a sample Safe Sleep Policy for an early childhood program • Define Abusive Head Trauma • Understand the consequences of shaking a baby • List different reasons a baby may be crying • Create a personal plan to prevent Abusive Head Trauma • Learn signs of child abuse and neglect • Know the process of reporting all suspected child abuse and neglect • Understand the Nebraska law for mandatory reporting • Learn ways to support and strengthen families • Comprehend the process when a provider/teacher is reported to the Child Abuse and Neglect Hotline • Identify ways providers/teachers could be at risk of being perpetrators of abuse and neglect
