

Top 5 ESSA Points to Remember

1. Schoolwide Title I Building-All paras MUST meet the requirements to work with students PRIOR to interacting with students! In Targeted Title I Building-Any para funded with Title I funds MUST also meet these requirements.
 - a. Will need to assure Paras in the last two years meet the required qualifications. The emergency waiver for qualifications does not grandfather them in this year.
2. Coding of Staff in Federal Funded Positions-All of these MUST match: NSSRS, GMS, Bookkeeping Records, and Time and Efforts. All should have the same percentage.
3. Staff page totals (both instructional and non-instructional) MUST match the 100's of the budget page. Salaries (200's) must be comparable to the 100's.
 - a. Ex if you pay 60% of a salary with the grant, then you must pay 60% of benefits.
4. We hope to have the Monitoring Guide Checklist in the GMS by Fall 2023.
5. Unified Grant Profile must be updated before doing anything in the GMS each year. Current contact information is vital so we can reach out to the right district personnel. Review this at least once a semester and update as needed.
