

Nebraska's Data Visualization and Use Education Innovation Network: Cohort 4

The Nebraska Department of Education is pleased to announce our **final cohort** of the **Data Visualization and Use Network**! We're selecting a diverse and dedicated group of **ESU, district, and school-level staff** hoping to expand their data visualization skills. Whether you use data every day or only rarely, we welcome your application!

As a new Network member, you will participate in **6 FREE sessions** where you'll learn how to **use powerful data tools** to **set strategic goals** and **improve educational outcomes**. In addition to the sessions, Network members will have the opportunity to participate in regular **Data Network Communities of Practice** with other data-driven educators in Nebraska, including an **in-person session** during **NDE's April 2024 Data Conference**!

Who: Nebraska ESU, district, and school staff interested in data

When: 10:00-11:00 AM CT on Thursdays: 3/14, 3/28, 4/11, 4/25, 5/2, and 5/16

Where: Virtual, via Zoom

What: 6 FREE data learning sessions covering topics such as:

- March 14: Data Use Fundamentals
- March 28: Data Analysis Fundamentals
- April 11: Intro to Common Data Viz Tools
- April 25: Data Visualization Fundamentals
- May 2: Storytelling with Data
- May 16: Data for Improving Outcomes: Turn Data into Action

BONUS: In-Person Data Conference, April 16-17

(Note that travel expenses for the data conference are not provided)
