

# ESU7 MEP

## Project Demographics

- Child Count: 406
- Districts: 43
- Staff: 11
- Years of Experience: 65 years

## Service Delivery

ESU7 has been a regional MEP project for nearly 16 years! During that time, our project has gained strategic and intentional focus to maximize innovation and consistency for the families we serve.

Among other services, highlights include supplemental in-home instruction to contribute to the development of school readiness skills of preschool students; after-school academic support, enrichment programs on no-school days, summer programs for preschool to high school students, supporting high school students academically for graduation, leadership programs, college visits, career exploration; providing OSY instruction in life skills, employment interviewing skills, English language; and active parent participation in Family and Community Engagement (FACE) events with topics that enhance their capacity to support their family. The individual strengths of our MEP Team contribute to the focus, goals, and results of our project!

Follow us on  
facebook

# PARTNERSHIPS

Many of the services we provide to our eligible migrant families are as a result of partnerships with other community agencies.

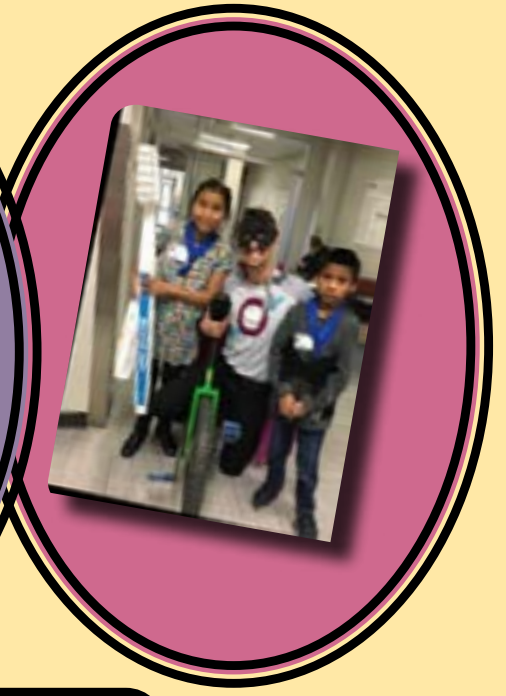

Our staff have made connections and collaborate with agencies to provide these opportunities for migrant families. Partnerships with local coat closets for winter coats, food pantries, hygiene kits, Eyes of Hope optometrist certificates, medical clinics, 4-H, Impact Art, Centro Hispano, and many more! Below are some recent partnerships our MEP families have had the opportunity to take part in!

## Food Boxes

On February 29th, the Columbus Area United Way, in partnership with Catholic Charities, provide 250 food boxes for human service entities working with individuals and families with food access needs. The ESU7 MEP received 50 boxes for families in the program, impacting 195 individuals! This is the 3rd time United Way has provided some of our MEP families with food assistance.

We appreciate the partnership with United Way!

## Dental Screening

On March 7th, ESU7 partnered with the University of Nebraska Medical Center to provide 60 students with dental screenings! The screeners provided were absolutely free to ESU7 migrant families. Students were provided with over \$12,000 worth of services during Dental Screening Day! The screeners provide UNMC and staff with a treatment plan for Dental Day on April 19th. Based on treatment plans, we estimate \$40,000 of dental work for all 60 students!

## HEALTH CARE

Clinic with a Heart in Lincoln serves uninsured and underinsured individuals in the community. The clinic has provided school physicals for MEP students and has helped with referrals for specialists. Additionally, Clinic with a Heart has served as a primary clinic for MEP parents and has helped these individuals receive free or reduced cost health care and prescription medicine. This is a tremendous resource for not only families we serve, but to many in the community!

The Nebraska CHW/P Collaborative invites you to a training about

# ASSISTING IMMIGRANTS WITH BENEFITS IN NEBRASKA

This training is meant to offer general understanding for community health workers/promotoras as they assist clients in Nebraska with different legal statuses.

A person's legal status can affect what benefits clients are eligible to receive. Join us to gain more knowledge on this broad topic, learn more on how to help your clients apply for different benefits, and start a conversation with your clients as you assist with their needs.

**Monday, March 25th  
9-10 am CST**

[Click HERE](#) to register  
for Monday  
March 25th

**9:00-10:00am (CST)**

Registration will stay open until the start time of the workshop.

Training will be held via Webex.  
Please register using the links below.

\*This training has not been set up to provide continuing education credits

## SAVE THE DATE

for our next training:

"Serving the Refugee Population in Nebraska"  
on April 10th and April 17th. Invitation coming soon!

Since 2009, the Children in the Fields Campaign has hosted its art and essay contest annually to provide a safe platform to showcase farmworker children's heartwarming and compelling stories on the national stage, and to empower them as they find the power in their voices.

**Theme and details  
will be announced  
April 1, 2024.**

**Lunch:**  
Will be provided. Beverages will be available all day.

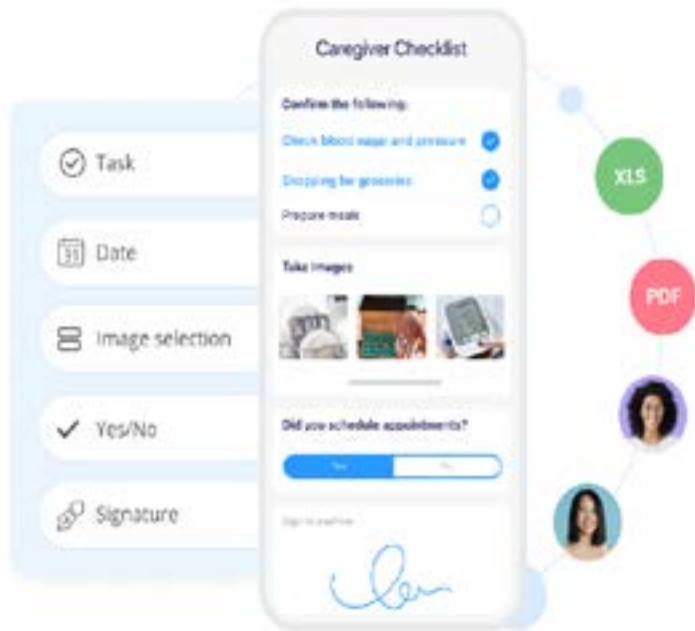

**Accommodations:**  
Rooms can be booked directly with IHG Hotels. You can mention the conference to obtain a discounted rate.

**REGISTRATION  
NOW OPEN  
(Only 100 Seats  
available)**

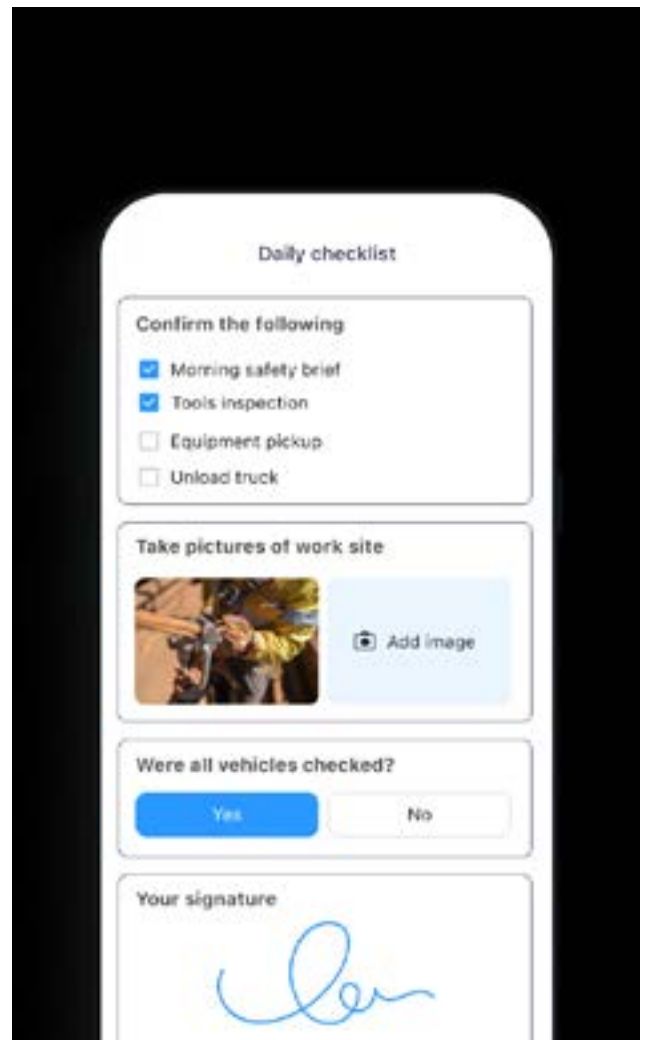

## Connecteam forms on the go.

- Fill checklists on the go from any mobile device
- Quickly compose custom forms for any purpose
- Save time with a variety of pre-made templates
- Distribute checklists to multiple locations instantly

Using a forms app makes data collection exponentially easier than a traditional pen and paper method. Digital forms can include checklists, reports, requests, and more. A forms app keeps all these documents in one digital location eliminating time-wasting filing and the physical space those forms would otherwise take up. In addition, a good forms app, such as Connecteam, will back up all digital forms, guarding you against data loss. Finding a digital form couldn't be easier using Connecteam's handy search function.

**NEBRASKA MEP  
PROFESSIONAL DEVELOPMENT DAY**

MEP Service Providers, please join us for a day of professional development and learning. We will be sharing information that you can use with your students and families as soon as you leave.

**April 30, 2024  
10:00am - 4:00pm**

## 5 Ways to Make Partnering with Parents More Positive

*(get more information by clicking the pictures)*

### Let's Build a Family and Community Engagement Library Together!

The Nebraska Department of Education Offices of Early Childhood and Coordinated Student Support Services are excited to announce a new initiative made possible by funding from the Nebraska Statewide Family Engagement Center Grant: the expansion of the Nebraska Early Learning Library to include a dedicated family and community engagement resource section.

#### What's Happening?

We are enriching the Nebraska Early Learning Library with a special section focused on family and community engagement. This section will house an array of research-based books and engaging family night kits designed to support schools and child care programs in fostering meaningful connections with families.

#### Your Input Matters!

We value your insights and ideas! Complete our library recommendation form to suggest family and community engagement resources that you believe would be beneficial for schools, child care providers, and families across Nebraska to be able to borrow from the library!

#### Complete the Form:

Visit [bit.ly/NEELFam](http://bit.ly/NEELFam) or scan the QR code below to submit your library suggestions.

#### Questions?

Contact Brian Welch at [brian.welch@nebraska.gov](mailto:brian.welch@nebraska.gov)

## Webinar

### Cultivating a Healthy Mind - Mental Wellness for Youth Train the Trainer

**Register Here**  
**March 12 @ 3:00 PM**

**This Train the Trainer course is designed for teachers, Extension staff, 4H and FFA leaders and others who work with young adults.**

## Webinar

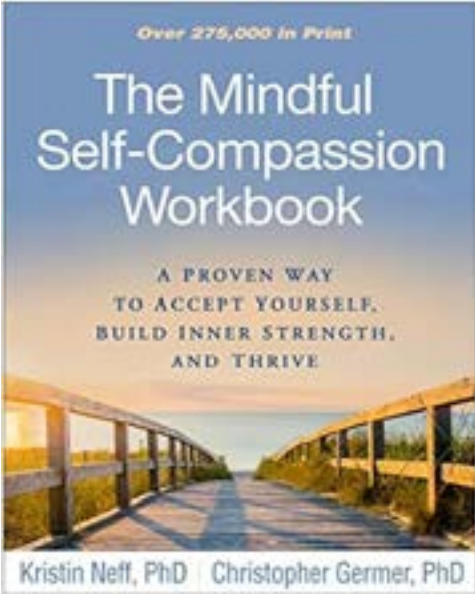

### **Mental Health and Suicide on US Farms: Muckville Movie Viewing and Conversation**

**March 14 @ 12:00 pm**

*This short documentary provides rare insight into the ongoing mental health epidemic on American farms, and paints a delicate and emotional portrait of resilience and love amid unbeatable odds.*

**[Register Here](#)**

We are pleased to invite you to participate in the third session of iSOSY's National Book Study. This book study is open to all interested parties (regardless of membership in the consortium). We hope you'll join us!

The [Mindfulness Self-Compassion Workbook](#) is a science-based workbook packed with informal practices, exercises, techniques, and stories.

Participants will purchase the book, register, and read assigned chapters prior to each meeting date.

When are the meetings?

- January 30 - Session 1: Chapters 1-5 (If you missed it, you can watch the recorded session [HERE.](#))
- February 20 - Session 2: Chapters 6-13 (If you missed it, you can watch the recorded session [HERE.](#))
- March 12 - Session 3: Chapters 14-19
- April 16 - Session 4: Chapters 20-24

**[All sessions are scheduled for one hour beginning at 8 am PST / 9 am MST / 10 am CST / 11 am EST.]**

[Register here for the March 12 session!](#)

*Our facilitator is Dr. Mona Johnson, the Executive Director of Teaching & Learning System Pathways at Olympic ESD 114 in Washington. She is the author of *The Heart of Learning and Teaching* and an expert in the field of personal wellness in education.*

*She has presented several webinars for the iSOSY consortium, attended by hundreds, over the past several years.*

March is Women's History Month. During Women's History Month, it is essential to recognize the contributions and challenges faced by migratory farmworker women, especially our migratory mothers and female out-of-school youth (OSY). These women play a crucial role in the agricultural industry but often encounter barriers to accessing resources and support.

Female migratory farmworkers, whether mothers or female OSY, often work long hours under challenging conditions. Recognizing the importance of mental health for these women is crucial, as they may face unique stressors and pressures in their work and home lives. Addressing mental health concerns among women farmworkers is essential for promoting their overall well-being.

Providing access to mental health resources, support networks, and education on self-care can empower women farmworkers to prioritize their mental health and cope effectively with the demands of their work, ultimately enhancing their resilience and quality of life.

**[iSOSY has several resources to promote mental health among farmworkers at this link.](#)**

Obtaining a high school equivalency diploma can open up a world of opportunities for migratory farmworker youth. By earning this credential, individuals can enhance their career prospects, pursue higher education, and increase their earning potential. High school equivalency programs, such as the GED or HiSET, provide flexible options for those who may face challenges attending traditional high school due to travel commitments or work responsibilities. Empowering migratory farmworker youth with a high school equivalency diploma can lead to a brighter future filled with greater opportunities and success.

Have you looked at iSOSY's Pathway guides designed to help MEP staff support migratory youth as they work toward obtaining their HSED?

[Check them out at this link](#)

The High School Equivalency Program (HEP) offered through the Office of Migrant Education provides a unique opportunity for farmworkers to earn their high school diploma equivalency. This program is designed to cater to the needs of individuals who may face challenges attending traditional high school due to their work as migratory farmworkers. The program empowers OSY farmworkers to continue their education and advance their careers by offering flexible scheduling and support.

Do you know where the closest HEP is in your state?

[Find the closest program to you at this link](#)
