

School District Classifications

Per State Statute 79-104, on January 1, 2025, the commissioner shall reclassify any school district to the classification required by the changes made to section 79-102 by Laws 2024, LB1329, which reclassification shall be effective immediately. The five classifications are as follows:

- Class I includes any school district embracing territory having a population of fewer than one thousand five hundred inhabitants that maintains both elementary and high school grades under the direction of a single school board;
- (Class II includes any school district embracing territory having a population of one thousand five hundred or more but fewer than five thousand inhabitants that maintains both elementary and high school grades under the direction of a single school board;
- Class III includes any school district embracing territory having a population of five thousand or more but fewer than two hundred thousand inhabitants that maintains both elementary and high school grades under the direction of a single school board;
- Class IV includes any school district embracing territory having a population of two hundred thousand or more inhabitants with a city of the primary class within the territory of the district that maintains both elementary and high school grades under the direction of a single school board; and
- Class V includes any school district whose employees participate in a retirement system established pursuant to the Class V School Employees Retirement Act and which embraces territory having a city of the metropolitan class within the territory of the district that maintains both elementary grades and high school grades under the direction of a single school board and any school district with territory in a city of the metropolitan class created pursuant to the Learning Community Reorganization Act and designated as a Class V school district in the reorganization plan.

The number of inhabitants in any school district shall, for the purpose of determining the class to which such district belongs, be the number of inhabitants ascertained by the most recent United States census or by a certified census taken of the district at the direction of the school board or board of education of the school district and approved by the State Board of Education. The school board or board of education of any school district is authorized to contract for a special United States Census of the district if the board determines that such a census is necessary.
