1 GENERAL INFORMATION AND SCOPE

The ADVISER Data Elements document is intended to provide guidance to Nebraska Public and Special Purpose Schools on the submission of data from their local Student Information System (SIS) to the ADVISER Operational Data Store (ODS) in order to fulfill ADVISER Validation, CRDC, and Nebraska Department of Education (NDE) State Reporting requirements.

Because each SIS is unique, this document is not intended to inform districts as to the proper use of their local SIS for these purposes. Rather, the intent is to guide districts in selecting from the choices in their local SIS to submit accurate data for state reporting purposes.

Please refer to the additional guidance documents on the ADVISER Resources page of the NDE website <https://www.education.ne.gov/dataservices/adviser-resources/> for additional information on student-related data reporting requirements of various agency types.

EXPECTED GRADUATION YEAR (GRADUATION COHORT YEAR)

Use:

X	State Reporting		CRDC
---	-----------------	--	------

Resource: */StudentEducationOrganizationAssociation/CohortYears/SchoolYear*

Definition: This field should typically be reported as four years from the Fall the student entered ninth grade for the first time. All students who enroll in a district in grades 9, 10, 11, and 12 (including Foreign Exchange Students) must be assigned an Expected Graduation Year. Once a student's cohort year has been set through this field, any changes to the expected graduation year in subsequent school years will not affect the official cohort year. Students are expected to participate in the "11th grade" NSCAS statewide assessment one year before their assigned cohort year.

Example: If the student is a first time 9th grader in 2017-2018, the student's cohort is 2021 (2017 + 4). When the school year is 2020-2021 and it is determined the student will not graduate until 2022, if the district changes the Expected Graduation Year to 2022 the cohort year will remain 2021.

EXPECTED GRADUATION YEAR: COHORT YEAR TYPE

Use:

X	State Reporting		CRDC
---	-----------------	--	------

Resource: */StudentEducationOrganizationAssociation/CohortYears/CohortYearTypeDescriptor*

Definition: The type of cohort year. For the Expected Graduation Year, the Cohort Year Type should be submitted as Ninth Grade in the first year the student's Expected Graduation Year has been identified and in each subsequent school year, regardless of the student's grade level. This field is sometimes supplied by the SIS vendor, in which case it would not need to be entered by the district.

ADVISER DATA ELEMENTS

CODE	DESCRIPTION
0	Not an Immigrant
1	Immigrant less than 1 year (new immigrant)
2	Immigrant greater than or equal to 1 year but less than or equal to 3 complete school years
3	Immigrant greater than 3 years

The time frame for the immigrant code starts the first time the student is enrolled in a U.S. public school for less than one year. Students with code 1 or 2 will be used for Title III funding.

The term immigrant children and youth, which is defined in Section 3205(5) of Title III, refers to individuals who:

- are aged 3 through 21;
- were not born in any State; and
- have not been attending one or more schools in any one or more States for more than 3 full academic years.
 - Some states define an academic year as 9 months, while other States count an academic year as 10 months. If a student has been in different schools in different school districts and even in different States, the number of months that the student has been in school in any one or more States must not add up to a total of more than 3 full academic years.

The term “state” means each of the 50 states, the District of Columbia, and the Commonwealth of Puerto Rico.

The U.S Department of Education's *Final Guidance on Maintaining, Collecting, and Reporting Racial and Ethnic Data* (Federal Register, Vol. 72, No. 202, Friday, October 19, 2007) requires the NDE to report data in seven aggregate racial and ethnic categories. The categories reported are defined by the Race/Ethnicity data reported to ADVISER, using these methods:

- Hispanic/Latino (HI) – This category will include all students who were reported as a yes in the Hispanic Latino Ethnicity field, regardless of Race.
- Two or more races (MU for “multiple”) – This category includes students not reported as Hispanic Latino Ethnicity and which have more than one Race reported.
- American Indian or Alaska Native (AM) – This category will include students that are reported only with this Race.
- Asian (AS) - This category will include students that are reported only with this Race.
- Black or African American (BL) - This category will include students that are reported only with this Race.
- Native Hawaiian or Other Pacific Islander (PI) - This category will include students that are reported only with this Race.
- White (WH) - This category will include students that are reported only with this Race.

5 COURSES AND SECTIONS

The top-level Course data is defined each school year by the NDE and is not submitted by districts. Course Offering and Section data is reported by districts for all courses completed by students, typically those where grades have been earned. In addition, districts may submit data for sections that have no students enrolled so that they may get Rule 10 instructional unit credits (assuming the section meets the requirements to be considered offered).

Course information is collected for a variety of uses, including: to define the teacher/student connection, Career and Technical Education programs of study and Perkins concentrator accountability reporting, teacher endorsement checks, and to ensure Rule 10 instructional unit requirements are being met. Summer school courses are able to be reported under a Summer Semester term code, but are not required and are not counted for the above.

FULL-TIME EQUIVALENCY

Use:

X	State Reporting	X	CRDC
---	-----------------	---	------

Resource: */StudentSchoolAssociation/FullTimeEquivalency*

Definition: The ratio between time of the student's assignment to a school for services or instruction and the hours that would consist of a student's full educational program. Students with FTE values higher than 50% on October 1 will be included in Fall Membership, except any student reported with a Grade Level of HP or PK will be included in Fall Membership regardless of FTE. Determining FTE should be based on the student's program. This field is collected as a decimal with two decimal places, but depending on the SIS vendor may be presented as a whole number between 0 and 100.

Example 1: Special Education student, Individual Education Plan (IEP) receives a program where the student receives services at home for an hour 2 times per week and this is the only education services the student receives. FTE = 1.00.

Example 2: Senior in high school only needs 2 periods of an 8 period day to graduate. Works the rest of the day. FTE: The local Board of Education determines the requirements for full-time students. This student could be considered 0.25 or 1.00 depending on local policy.

Example 3: Senior in high school only needs 2 periods of an 8 period day to graduate. Works the rest of the day and gets credit for Career and Technical Education credit toward graduation. FTE= 1.00.

Example 4: Student comes in for 2 periods of an 8 period day for Band and Music, attends a nonpublic or exempt home school the rest of the day. FTE = 0.25.

Example 5: An expelled student is participating in an alternative program that prescribes the student come to school 2 hours a day to get his/her school work from the teachers. FTE = 1.00.

Example 6: A prekindergarten or kindergarten student that attends only a ½ day program. FTE = 1.00.

Example 7: A prekindergarten or kindergarten student that attends an all-day program. FTE = 1.00.

Example 8: A prekindergarten student that attends an all-day program but only attends half of the day. FTE = 0.50.

Example 9: A prekindergarten student that attends an all-day program at one district and a half day program at a 2nd district. FTE = 1.00 at each.

ADVISER DATA ELEMENTS

Example 10: A homeschool (exempt) student attends a public school for SPED services. FTE = <0.50.

10	Part-Time Students Enrolled Outside of Resident District for Extracurricular Activities	Students who are primarily enrolled in a nonpublic or exempt school who attend a public district part-time for extracurricular activities. Per statute these students can attend outside of their resident district without optioning or contracting. Additional guidance about the updated 79-215(11) statute can be found on the ADVISER Resources website.

Students who option out of the resident district will be reported by the receiving district. The receiving district will report the correct district of residence. The Option Out district will not report this student. Option out is not applicable to students being served outside of Nebraska.

SCHOOL OF RESIDENCE

Use:

X	State Reporting		CRDC
---	-----------------	--	------

Resource: [/StudentSchoolAssociation/ResidentSchoolReference](#)

Definition: The school where the student resides, based on boundaries established by the District of Residence. This field is only required for students with a Contracted In Residency Status.

STUDENT DAYS ENROLLED

Use:

X	State Reporting	X	CRDC
---	-----------------	---	------

Resource: [/StudentSchoolAssociation/StudentDaysEnrolled](#)

Definition: Allows districts to override the Days In Session as calculated for the Calendar the student is enrolled in. This field should not be submitted otherwise.

Example: A student is placed in a school calendar that has a total number of Instructional Days / Days in Session of 178, but the student has a modified program where they only attend one day per week. The district can override the calculated 178 days by completing this field and recording the appropriate number of days for the student.

7 ATTENDANCE

The NDE is only collecting student absences and tardies. We will use the calendar to determine days present and days in session to calculate Average Daily Attendance (ADA) and Average Daily Membership (ADM). Days Present and Days in Session will be derived from student enrollment and school calendar information. Days in Session is the actual number of days (to the nearest hundredth) school is open with teachers and students in school, not what was originally planned. Days in Session should be the same number as the total possible days in attendance. If a student is present every day, the days of attendance and the days in session should be the same for that student.

For further Attendance clarification, refer to Title 92, Nebraska Administrative Code, Chapter 2, Section 006.02 Attendance.

ATTENDANCE EVENT CATEGORY

Use: ☒ State Reporting ☐ CRDC

Resource: [/StudentSchoolAttendanceEvent/AttendanceEventCategoryDescriptor](#)

Definition: The category of reason for a student's attendance event. More than one Attendance Event can be reported for a day.

CODE	DESCRIPTION	DEFINITION
04	Tardy	Student is absent at the time of a given schedule when attendance begins but is present before the close of that time period, can be used for daily or section attendance.
05	Early departure (not an absence)	Student leaves before the official close of the daily session.
06	Excused Absence - Disciplinary action, not receiving instruction	The student has been removed from the regular instructional setting for disciplinary reasons and is not receiving instruction. This may include either in-school or out-of-school suspension if instructional services are not provided.
07	Excused Absence - Illness/Medical	The student is out of school because of personal physical or mental illness or injury, including health-related appointments. This may include more unusual situations, such as quarantine.
08	Excused Absence - Noninstructional activity recognized by state, district, or school	The student is out of school and involved in a noninstructional activity recognized by the school, district, and/or state. Examples include such civic activities as involvement with the National Guard, service as a legislative page, jury duty, or participation on an election board.

ADVISER DATA ELEMENTS

CODE	DESCRIPTION	DEFINITION
09	Excused Absence - Transportation not available	The student is not in school because transportation is not available. For example, roads have been closed due to flooding. This category includes school-provided transportation and the student's personal transportation.
10	Excused Absence - Other	Any other absence that is to be treated as an Excused Absence for state reporting purposes.
11	Unexcused Absence - Student skipping school	The student is willfully not attending school without parent or school approval.
12	Unexcused Absence - Other or unknown	Any other absence that is to be treated as an Unexcused Absence for state reporting purposes.

Codes 06 – 12 when used will be counted as absences for state reporting purposes. Codes 06 – 12 do not alter a district's local definitions of excused and unexcused absences, but are intended to be used to categorize each type of absence more specifically when possible.

EVENT DURATION

Use: ☒ State Reporting ☐ CRDC

Resource: [/StudentSchoolAttendanceEvent/EventDuration](#)

Definition: The portion of the regular school day, up to two decimal places, that applies to the Attendance (i.e. Absence) Event. For example, if a student was absent 2 out of 8 school periods, Attendance Duration would be reported as .25 days. Late start and early dismissal days may count as a portion of a day or a full day. Guidance follows individual system policy.

Example 1: A student is absent 100% of a partial day:

The district decides it is a 1.0 instructional duration day – report a 1.0 event duration

The district decides it is a 0.5 instructional duration day – report a 0.5 event duration

Example 2: A student is absent 50% of a partial day:

The district decides it is a 1.0 instructional duration day – report a 0.5 event duration

The district decides it is a .5 instructional duration day – report a 0.25 event duration

Example 3: A student is absent 100% of a full day:

The district decides it is a 1.0 instructional duration day – report a 1.0 event duration

Example 4: A student is absent 50% of a full day:

The district decides it is a 1.0 instructional duration day – report a 0.5 event duration

Additional Guidance on Attendance

Prekindergarten Students – All PK or HP students in Rule 11 programs (early learning setting codes 01-05) must be reported in attendance. The only exception are those HP/PK SPED students who are receiving all of their services at home or at a location not related to the public school district. This exception includes early childhood programs using setting codes 06-08 and SPED students receiving services through the public district at a non-public preschool.

Summer School – If reporting optional summer school course grades, summer school attendance should **not** be reported in the regular school year attendance reporting. If a summer school calendar is reported to the NDE, do not include any in-session instructional days within that calendar.

Absences for School Activities – Title 92, Nebraska Administrative Code, Chapter 2, Section 006.02 provides that students shall be counted in attendance at a school sponsored activity which is supervised by a member or members of the school staff, and so should not be reported as an excused or unexcused absence.

Suspended or Expelled Students – Students who are suspended or expelled are counted as absent unless they continue to be in a school setting during their suspension or expulsion, such as serving their suspension in-school or attending an alternative school. The suspended or expelled students may also be counted as in attendance if they participate in an alternative program as prescribed by the district. If the student does not participate in the alternative program as prescribed by the district, the student will be shown as absent.

Homebound students – Section 504 of the Vocational Rehabilitation Act may require a school district to serve homebound students in the home. As such, the “home” is the “school” for purposes of attendance for the student. So long as the student is present when school officials arrive to provide the services required, the student is in attendance at school.

LANGUAGE INSTRUCTION

Use: ☒ State Reporting ☐ CRDC*Resource: /StudentLanguageInstructionProgramAssociation/LanguageInstructionProgramServices/LanguageInstructionProgramServiceDescriptor*

Definition: Describes the methods used to provide English Language services. At least one must be reported if the student is an English Learner Participant; more than one is also possible.

CODE	DESCRIPTION	DEFINITION
01	Content Classes with Integrated ESL Support or Sheltered Instruction	Instruction simultaneously introduces both language and content, using specialized techniques to accommodate English Learners’ linguistic needs. Instruction focuses on the teaching of academic content rather than the English language itself, although the acquisition of English may be one of the instructional goals.
02	Dual Language or Two-Way Immersion	ELs and non-ELs receive instruction in English and a non-English Language.
03	English as a Second Language or English Language Development	Techniques, methodology, and special curriculum designed to teach ELs English language skills. Instruction is usually in English with little use of native language.
04	Heritage Language	Program to address the needs of heritage language learners/speakers. Heritage Language learners usually learned the language at home as children but may not have developed full fluency/literacy.
05	Structured English Immersion or Newcomer Program	Separate, relatively self-contained programs designed to meet the academic and transitional needs of newly arrived immigrants. Typically, students attend these

06	Transitional Bilingual or Early-Exit Bilingual Education	Students begin in grade K or 1 by receiving instruction all or mostly in their L1 and transition incrementally over to English. Typically, transition to all English is complete by mid-to-late elementary school. L1 is used to leverage L2 acquisition, but L1 proficiency is not a program goal.

REDESIGNATED ENGLISH FLUENT

8.3 HOMELESS PROGRAM

PROGRAM NAME	PROGRAM TYPE
Homeless	Other

An indication that a student is eligible for Homeless Education services at any time during the school year. According to McKinney-Vento, the term “homeless children and youth” means individuals who lack a fixed, regular, and adequate nighttime residence AND includes – (a) children and youths who are sharing the housing of other persons due to loss of housing, economic hardship, or a similar reason; are living in motels, hotels, trailer parks, or camping grounds due to the lack of alternative accommodations; are living in emergency or transitional shelters; or are abandoned in hospitals, (b) children and youths who have a primary nighttime residence that is a public or private place not designed for or ordinarily used as a regular sleeping accommodation for human beings, (c) children and youths who are living in cars, parks, public spaces, abandoned buildings, substandard housing, bus or train stations, or similar settings; and (d) migratory children who qualify as homeless for the purposes of this subtitle because the children are living in circumstances described in a-c above.

All students who are receiving services under Homeless Education, at any time during the year, need to be reported. Once a student is set as homeless during the school year, they should remain so until the end of the year.

A student becoming homeless during the school year does not change their enrollment status. If they started out as Optioning In, their enrollment status will remain Optioning In, regardless of where the nighttime residence is located.

It also includes Foster Care, Homeless, and Migrant students and students in Head Start/Even Start programs.
2	Eligible for Reduced Price Meals	Reduced Price Meal means a lunch or breakfast available for a child from a household eligible for a reduced price

ADVISER DATA ELEMENTS

CODE	DESCRIPTION	DEFINITION
		meal based on family size and income or qualifying for benefits based on Medicaid.
3	Eligible for Free Special Milk	Special Milk Program is available only when students do not have access to lunch or breakfast. Free special milk guidelines are identical to free meal guidelines.

The available codes are in hierarchical order with the lower number code taking precedence – meaning if a student is in multiple programs that would make them eligible for more than one code, please report the lowest code number. For example, a student who qualifies for both free price meals and the special milk program should be reported only as code 1 Eligible for Free Meals.

Students who are not eligible for free or reduced price meals (full price students) should not have a StudentSchoolFoodServiceProgramAssociation record submitted during the relevant timeframe. If a student goes from being Eligible for Free Meals, Eligible for Reduced Price Meals, or Eligible for Free Special Milk during the school year to not being eligible, the existing program record should be end dated and no additional record should be submitted.

Schools that participate in the Community Eligibility Provision can choose to not submit any StudentSchoolFoodServiceProgramAssociation records. If these schools do submit a record for any of their students in the StudentSchoolFoodServiceProgramAssociation, the information will not be utilized by the NDE as long as the student is enrolled in the CEP school.

9 DISCIPLINE

9.1 DISCIPLINE INCIDENT

Represents an occurrence of an infraction ranging from a minor behavioral problem that disrupts the orderly functioning of a school or classroom (such as tardiness) to a criminal act that results in the involvement of a law enforcement official (such as robbery.) A single event (e.g., a fight) is one incident regardless of how many perpetrators or victims are involved. Discipline incidents are events classified as warranting discipline action. Districts should only report a Discipline Incident (and associated Behavior and Action) in one school year, even if the Discipline Action rolls into the next school year. All information relating to the incident should be reported in the year it occurs.
