Grant Renewability Criteria

Grantees that meet the following requirements may be eligible to renew funding for an additional four (4) years. To renew funding, grantees are required to (1) complete a progress report, (2) complete a renewability plan and (3) present criteria information which will be scored.

(1) Progress Report: Complete a 1–2-page progress report that recaps progress from year 1-4

(2) Renewability Plan: Complete a 1–2-page plan for the renewability grant (next 4 years). The scope of programming should not change drastically during the extended funding period. Overall, grantees that receive renewals must continue to serve a substantially similar population and equal number of youths.

(3) Renewability Criteria Information should be presented for the final two years of the initial grant. Scores need to meet or exceed 80% (96 points or more) to receive renewability.

** If you do not meet the absolute requirement, the rest of the application will not be considered.
